Date meeting advertised: 13 th September 2018		Date of meeting decision to be taken: 20 th September 2018		
Deadline for Call-In: 27 th September 2018				

FIELDS IN TRUST- TOWER GARDENS

Summary

The report seeks approval to enter into a Deed of Dedication with Fields in Trust (formerly the National Playing Fields Association) for Tower Gardens, King's Lynn.

Fields in Trust is a National Charity operating throughout the UK to safeguard recreational spaces. The Council has worked with Fields in Trust to dedicate open spaces across the borough as part of Queen Elizabeth II Diamond Jubilee.

Fields in Trust are currently leading a national initiative on Centenary Fields aimed at securing recreational spaces in perpetuity in honour of the memory of those who lost their lives in World War I.

By entering into an arrangement with Fields in Trust the Council can provide protection in perpetuity for the identified open space known as Tower Gardens.

Recommendation

That

- a) That a Deed of Dedication be entered into with Fields in Trust for the open space shown in Appendix 2 in the report as a Centenary Field.
- b) That the Executive Director, Commercial Services be given delegated authority in consultation with the Cabinet Member for Culture, Heritage & Health to agree the Deed of Dedication with Fields in Trust.

Reason for Decision

To give protection in perpetuity for open spaces at Tower Gardens.

1. Background

- 1.1 In 2012/13 and 2015/16 the Council dedicated a number of playing fields and open spaces across the Borough as Queen Elizabeth II Fields In Trust to provide a legacy of protected recreation spaces commemorating the Diamond Jubilee (Appendix 1).
- 1.2 Fields in Trust (formerly the National Playing Fields Association) are an independent charity who campaign to protect and improve playing fields throughout the country. To protect open spaces the Council would agree a legal document called a Deed of Dedication with Fields in Trust. This is a legally binding document that gives permanent protection to open spaces. The document requires Fields in Trust approval for any development on an open space and generally this only allows buildings that are ancillary to the site, for example, changing rooms for football pitches, however, these still need Fields in Trust permission. Further details for Fields in Trust can be seen at www.fieldsintrust.org
- 1.3 The Council continues to own and manage the dedicated sites.
- 1.4 The Tower Gardens site fits the eligibility criteria for a Field in Trust. By committing to a Deed of Dedication for the area identified the Council can give reassurance to local residents that the open space is protected for perpetuity.
- 1.5 As there are a number of war memorials located within the Tower Gardens a Deed of Dedication with Fields in Trust will enable the council to support its Armed Forces Covenant.
- 1.6 The sports pitches at Lynnsport are now Centenary Field through the Fields in Trust scheme.
- 1.7 Fields in Trust are leading a nationwide initiative in partnership with the Royal British Legion, aimed at securing recreational spaces in perpetuity in honour of the member of the millions of people who lost their lives in World War I. It is proposed to dedicate the Tower Gardens site as a Centenary Field.

2. Financial Implications

- 2.1 The drafting of the documents will be carried out for the Council by Fields in Trust with some resources from Public Space and Legal. Other than a small cost for signage there will be no increase in revenue costs for the maintenance of the area.
- 2.2 Entering into the Fields in Trust scheme does enable access to some grant funding sources which would not otherwise be accessible.

3. Policy Implications

- 3.1 The Council has already entered into arrangements with Fields in Trust as shown at Appendix 1, including the area known as Tower Gardens will be an extension of these arrangements.

4. Risk Management

- 4.1 The protection of sites achieved through the Fields in Trust process will limit the Council's ability to consider alternative uses. However, the Council has determined that the site identified should be retained for recreational use.
