10 **PRESENTATION ON RAG MONITORING DEFINITIONS**

[Click here to view the recording of this item on You Tube.](#)

Members were presented with information on RAG Monitoring Definitions. A copy of the presentation is attached.

The Board were asked to consider the proposed split into Delivery, Spend and Risk, whether the overall RAG was useful and any changes they would like to see.

The Chair thanked officers for the information and invited questions and comments from the Panel, as summarised below.

Comments were made that categories were important to highlight what had been designated a Major Project by Cabinet and what was not yet at that stage. It was noted that the delivery of Business Cases was considered as a separate project to the actual delivery of the project, and this needed to be highlighted.

The definition of a Major Project, in accordance with the Board's current Terms of Reference was a project that had been designated such by the Cabinet and the Board was reminded that any change to this approach would require a change to the Board's Terms of Reference. Councillor Dickinson suggested that it be changed to all projects over 1/4million and that took over 12 months to complete.

The Chair commented that if the Member Major Project Board felt a project did warrant consideration by the Board, but had not been designated a Major Project by Cabinet, it should come to the Board as a specific request/proposal.

Councillor Kemp commented that there was no process for post evaluation, and it was explained that this was part of the role of the Panels. She was also reminded that the Queen Elizabeth Hospital was not a project in the Council's control, although the Council would support where possible.

Councillor Morley made comments on the schedule and suggested that ongoing and un-started projects be separated out into two different schedules, bid phases and delivery phases also be separated out and additional columns be added for time, cost, scope and risk.

Councillor Middleton commented that the colour coding was required, and it should also be used to show what had been successful and celebrate the positives that the Council had achieved.

Councillor de Whalley addressed the Board under Standing Order 34. He agreed with comments made by Councillor Morley in that there should be a separate schedule for the bid phase and the delivery phase of projects. He commented that consideration needed to be given to post delivery evaluation and lessons learned. The Board was reminded that their role was not post evaluation of projects as this was a scrutiny function and would be undertaken by the relevant Panel.

Councillor Morley suggested that the Terms of Reference be brought to the Board for review.

The Assistant Director, Property and Projects commented that the Board could ask for a deeper dive of projects upon receipt of the schedule and then information could be presented to the Board.

The Chief Executive reminded the Board that only projects which had been determined as Major Projects by Cabinet were presented to the Member Major Projects Board. All others were included in the Capital Programme which fell under the remit of the Panels to monitor.

The Vice Chair, Councillor Dickinson felt that there was some information missing in the schedule to enable the Board to fulfil its role and suggested the following be included:

- Timeline for each project
- Information on any delays or project creep and impacts this had on costs.
- Delivery issues
- Risk specific to each project
- Costs and funding
- Ongoing implications e.g., resourcing issues and revenue costs.

AGREED: 1. The Chair and Vice Chair to discuss the contents and coding of the schedule, taking into consideration the comments above.
2. The Assistant Director Property and Projects to look at a system for flagging up projects for which the Board want to look at in more detail and how they are brought back to the Board in a timely manner.

MONITORING REPORT

[Click here to view a recording of this item on You Tube.](#)

Officers presented the Monitoring Report which had been updated with comments as up to the end of August.

The Chair commented that it was difficult to see the detail and asked if links could be added to the spreadsheet so that Members could drill down into more detail.

Councillor Morley referred to the NORA Enterprise Zone Road Infrastructure Project which was currently rated Amber. The Assistant Director Property and Projects explained that this had now been tendered, contractors were in place and work was ready to commence on site and this rating could be changed to green.

Councillor Kemp referred to the Library and the Multi User Community Hub and was reminded that this was a Norfolk County Council Project, but was included in the schedule as the Council was the accountable body. It was confirmed that the project was Treasury Green Book compliant and had been subject to assessment.

12

WORK PROGRAMME

[Click here to view the recording of this item on You Tube.](#)

The following were suggested for addition to the Work Programme:

- Guildhall Project to be added to 9th December 2022.
- Hunstanton Bus Station and Library had been previously identified for consideration at the meeting on 9th December 2022.
- Schedule of Meetings for 2023.

RESOLVED: The Work Programme was noted.

13

MINUTES OF THE OFFICER MAJOR PROJECTS BOARD HELD ON 13 JULY 2022

[Click here to view the recording of this item on You Tube.](#)

The Board reviewed the minutes of the Officer Major Projects Board held on 13 July 2022.

Councillor Kemp raised concerns relating to matters discussed relating to Hardings Way. The Chief Executive referred Councillor Kempt to the minutes and confirmed that this was part of an officer discussion and that in looking at the agreement in the minutes it was not one of the options which was taken forward.

Councillor Dark reminded the Board that the Officer Board was a forum for looking at a wide range of options and opportunities.

Councillor Morley asked why there had not been a meeting of the Officer Major Projects Board since July and was informed that the last meeting had been cancelled as it was during the National Mourning Period.

14

DATE OF NEXT MEETING

The next meeting was scheduled to take place on 9 December 2022 at 10.00am in the Town Hall, King's Lynn.

The meeting closed at 11.25 am

Introduction

At the MMPB meeting of 26 July an overview of the RAG ratings used on the monitoring report was requested

7

10

Today will cover

- Background to previous RAG definitions used
- Overview of those now in use
- Feedback from MMPB

Background

- When the MMPB was first in place, a simpler RAG system was proposed*:

RED	AMBER	GREEN	BLUE	WHITE
Significant issues exist requiring consideration by Project or Programme Board and immediate action to be taken. Benefits – it is probable that the intended benefit will not be achieved	Some (actual or anticipated) variation from the project plan but actions in hand to maintain progress. Benefits - some of the intended benefit may not be achieved	On schedule – progress in line with agreed project plan Benefits – it is forecast that this benefit will be achieved	Project / Work Package / Benefit completed	Being developed - Project has been approved but is in Initiation Stage

11
8

* Cabinet report June 2019

Background

- Monitoring didn't effectively 'get off the ground' in 2019
- 2020-late 2021 Impact of Covid-19 pandemic
- November 2021 – update to Terms of Reference, brought in the definition that MMPB would review projects that Cabinet decided – ie the list of Major Projects
- Early 2022 – Project Accountant role in place, Corporate Projects Programme role updated – increased capacity to work on a monitoring report

9
12

Monitoring Report – work in progress

- The monitoring report brought to MMPB is work in progress and is being developed following feedback received at each MMPB meeting
- Following the list of defined projects, RAG definitions used have been reviewed
- More detailed ones proposed to assist the Board, the blue and white ratings not considered so relevant – for discussion today

13 10

BLUE	WHITE
Project / Work Package / Benefit completed	Being developed - Project has been approved but is in Initiation Stage

1114 RAG definitions

RAG definitions currently in use

- Taken from a government monitoring return – didn't want to 'reinvent the wheel' – BUT – if not what MMPB want, can adjust / change
- This is how the information is currently presented for each Major Project:

Overall RAG rating		
Amber		
Delivery	Spend	Risk
3	4	2

- Ratings are given by the project lead

15 12

RAG Definitions

Delivery	Score	Spend	Score	Risks	Score
Major issues causing significant delays (more than 6 months); processes interrupted or not carried out as planned (e.g. planning permission not secured); or significant changes to project. Project likely to under-deliver on forecast outputs.	5	A variance of over 50% against profiled financial forecast (total expenditure) or significant changes to project finances required (increases or decreases) due to poor or delayed delivery.	5	Programme includes projects with significant risks that are both high impact and high likelihood. Risk response not yet planned.	5
Issues arising causing long delays to the timetable (3 to 6 months) but no significant changes required to overall project. Outputs may still be deliverable but challenging.	4	A variance of between 30% & 50% against profiled financial forecast (total expenditure). Budget changes have been required due to issues with project delivery.	4	Programme includes projects with significant risks that are either high impact or high likelihood. Risk responses planned but not implemented.	4
Issues arising causing some short delays to the timetable (less than 3 months). Outputs still deliverable but require re-scheduling.	3	A variance of between 15% & 30% against profiled financial forecast Some budget changes have been required.	3	Programme includes projects with some risks that have medium impact and/or medium likelihood. Risk responses planned and implemented.	3
Minor issues have arisen causing only small delays. Project is on track to deliver outputs.	2	A variance of between 5% & 15% Small re-profiling changes to budget required.	2	Programme includes projects with some risks that have medium impact but low likelihood. Risk responses planned and implemented.	2
No problems. Project is on track to deliver outputs and keeping to schedule.	1	A variance of up to 5% . Spend is largely on track with any minor slippage expected to be picked up by end of next quarter.	1	All risks are tolerable with low impact and likelihood and do not require a response.	1

RAG definitions – questions to the Board

- Are you happy with the split into Delivery, Spend, Risk?
- Is the 'overall RAG' useful or should this be dispensed with?
- What changes (if any) would you like to see?

Project Maturity Assessment

Agenda Item 7

MMPB

December 2022

Russell Eacott

Final

Borough Council of
King's Lynn &
West Norfolk

Introduction

- Methodology to identify all elements of Project and Programme Management and assess how good BCKLWN is....and wants to be.

19 Methodology can be assessed externally and by audit.

- Simplified approach being proposed for assessment
- Be true where you are!! * You can be as good as you want to be!!

Criteria Assessment

- **PM Maturity Assessment covers 9 criteria:**

1. Governance & Org. Mgmt.
2. Benefits Realisation
3. Work planning & Scheduling
4. Scope management and change control
5. Risk management
6. Issue management
7. Quality management
8. Comms. & management reporting
9. Cost and financial management

Borough Council of
King's Lynn &
West Norfolk

Project and Programmes

- ❖ Too many meetings/boards etc
- ❖ Mixed approached to delivery
- ❖ Limited full project skills and experience
- ❖ Lack of standardization and consistency
- ❖ Some resourcing capacity/duplication

26

- ✓ Some project elements there but not fully implemented
- ✓ Willingness to change
- ✓ Potentially good assurance model to challenge process
- ✓ Role of Project Accountant can greatly improve project confidence

Proposed Operating Model (WIP in draft)

Delivers (principally) all projects
From client/project brief through to handover/project closure

Delivery

Key to all things Projects and Programmes
'The engine room'

PMO

Programme and Project Development
Chairs the project development group
Develops strategic case/Master planning

Client/Assurance

Strategy

Provides Assurance and Client function

Chairs OMPB
Assurance 'Champion'
Chairs Gateway Process
Principal Client (but others can be client)

May involve – consultation on changes to JD's

Next Steps for PM Maturity and Resourcing

- Undertake Project Maturity Assessment alongside Audit Project Review
- Prepare the Improvement Plan,
 - identify Project Champions for each principal project activity, eg risk, PID
- Review final resourcing and training/development needs based on the improved project and programme management.

28

Project Highlight Reporting

Russell Eacott

December 2022

Borough Council of
King's Lynn &
West Norfolk

Issues

- Different reporting to different forums on projects.
- Inconsistent information and not readily available.
- Some 'projects' not reported and 'lost'.
- Current Project Maturity Assessment and early views are that reporting is 'informal and infrequent' and not of a consistent standard.

Proposal is to create standard project reporting which links to other corporate reporting, eg Risk and performance

Proposals

- To introduce standard monthly reporting on ‘recognised’ projects
- To consider a more comprehensive Project Highlight Report (examples as handouts) – Likely for ‘major’ projects.
- Interim arrangements with Town Deal using simplified powerpoint slides (as following slides). Can also be used for ‘other ‘lost’ projects’?

The governance on where these reports go and are considered is being reviewed.

Major Project Reporting

Based around the circulated template for each of the (current) 22 projects:

- Can adapt to current reporting eg Financial from Project Accountant
 - Set around RAG status
 - Identification of approvals process like Gateway Reviews
 - Higher level risks (and issues) identified
 - Allows for decisions to be sought (or for noting)
 - Can be incorporated into information on Mod Gov each month
-
- Project Managers would be responsible for completing and taking through Governance from Project Team/Project Boards/Programme Board (and OMPB). PMs would sign off with Project Sponsor at appropriate stage.

Key decisions required this period

- Agreement to the infrastructure business case progressing to Board in July (with any comments) and appointment of design consultants (both elsewhere on your agenda)
- Confirm that Estates Commercial can consider Heads of Terms with prospective tenants at XX.

1. Overall Status (high-level summary)

The overall status remains **Amber** as timelines and financials are not at the level of Council expectations. Risk and Issues are at a similar level to last month with the infrastructure business case being a key paper on the Board's Agenda.

- The space requirements are agreed in principle and are included in the infrastructure business case.
- Further risk support has been provided to some workstreams and individuals.
- The OpsTeam continue to work on detailed plans ready to deal with all matters post 4 October 2022 including any TUPE matters.
- Stakeholder engagement with students will commence on 9 June with over 300 responses (by 20 June)
- The Learning Spaces Design Guidelines (May 22) approved by the XX Committee.
- Potential tenants showing keen interest in CM. Issues over m&e being raised.
- The governance review has been completed and is on the agenda elsewhere.
- Internal audit are proposing external assurance of the programme.

3.1 Financial Commentary

- The cost consultant has been assisting alongside xx with the costs included in the infrastructure business plan.
- All budgets into a single XX Revenue and Capital budget is nearly complete.
- Realignment of the MTFP for XX will be required and is also subject to consideration of the new cost indications in the business case.
- Delegated financial authority for incoming chair of the Board may need to go to Council. - Awaiting final confirmation of process

4. Timelines – High Level Milestones

Re Assessment of programme plan received 21/6/22 from xx will take place in July. Current key dates in the short term are:

- Approval of Design Team, budgets, programme and infrastructure business case at 30 June 22 Board.
- Vacant possession – 4 October 2022

4.1 Timelines Commentary

The full set of key milestones over the programme lifetime is not available at present. The Council business case indicated there was a potential to deliver DN and XX (if this was subsequently agreed) in the 2023/24 financial year. An updated programme by xxwas received and dated 21/6/22. A programme is included in the infrastructure business case presented to the Board earlier on the agenda.

5. Resources Commentary

Resources are currently **amber** but improving as clarity on role and responsibilities are being established. The estates and DTS resources are now active and being coordinated. A programme finance resource has been assisting and an external candidate appointed from the 30 June 2022. The day-to-day operational requirements for campus resourcing (both estates and DTS) are being considered and implemented and clarity on TUPE/transfer of current site staff is proceeding. PMO staffing target is late Autumn 2022 for a full complement

		<u>ACTION</u>
1	<u>APOLOGIES</u> Apologies were received from A Baker and J Grant.	
2	<u>MINUTES FROM THE PREVIOUS MEETING</u> The minutes from the meeting held on the 13 July 2022 were agreed as a correct record.	
3	<u>TERMS OF REFERENCE - M HENRY - TO FOLLOW</u> AGREED: R Eacott to review Terms of Reference and present a draft for consideration at the next meeting.	RE
4	<u>GUILDHALL PID - M AUGER</u>	

	<p>M Auger presented the PID and outlined the key issues, a summary of which is set out below:</p> <ul style="list-style-type: none"> • Funding. • Project cost – 2 elements – securing adequate funds, progressing project through next RIBA design stages to further develop project design and more robust cost estimates. • Risk – NLFH Application included for revenue funding to help project achieve business plan projections, alternative funding will likely be needed to replace this. • Project Controls and Monitoring linked to business plan – ambitious figures for change in footfall. Training and education ambitions linked to lottery funding, need to look at activity plan and other funding streams. • Communication/Stakeholder Management Plan – key area of focus to be developed over the next stages of the project. <p>In response to questions, M Auger confirmed that discussions to be held with the project team to ensure that resources were available for delivery of the project. D Ousby advised that the procurement information had been prepared for the Guildhall Project (and other Town Deal projects) in September 2021 but had been put on hold, it was highlighted that external resources would be required to assist in the future delivery of the project.</p> <p>It was noted an officer progress meeting with J Grant was scheduled for 19 October 2022.</p> <p>J Curtis outlined the decision making process if the OMPB agreed the PID today. J Curtis referred to the 11 April 2022 Cabinet report which approved the Business Plan and following the unsuccessful lottery bid a further Cabinet report would be required – an interim report on progress and any changes to the business plans in 2023 followed by a full report in the autumn 2023 to provide options to take the project forward based on RIBA stage 2/3 costings and exploration of alternative funding sources.</p> <p>The OMPB did not conclude on approval of the PID and would therefore need to be considered by the OMPB before the Autumn 2023 Cabinet report.</p> <p>AGREED: Plan and timeline to be presented to Councillors in the near future and a presentation would be required to the Regeneration and Development Panel.</p>	<p>JG</p> <p>MA</p>
5	EXCEPTION REPORTING: WEST WINCH RISK REGISTER - G	

	<p><u>GREAVES</u></p> <p>The West Winch Risk Register was received.</p>	
6	<p><u>TOWNS FUND - EXCEPTION REPORTING - D HALL, J CURTIS - VERBAL UPDATE</u></p> <p>J Curtis commented that it was useful to cover the detail at Project Board meetings and asked what was required for the OMPB. J Curtis added that parameters were required for exception report to OMPB.</p>	
7	<p><u>KLIC FOLLOW UP REPORT (QUARTERLY MONITORING) - M HEAD - VERBAL UPDATE</u></p> <p>M Head, provided a verbal update as set out below:</p> <ul style="list-style-type: none"> • In June 2022 the board was presented with an update on the KLIC Lessons Learnt report, and the Management Action Plan regarding the Follow-Up recommendations from May 2021. There were 9 Follow-Up recommendations, all with an initial target date of the end of March 2022. • Four recommendation have now been completed; the newest being Critical documents being retained in a central file. This has been as a result of a Capital Programme audit where this was a recommendation as part of a wider project management discussions. • Three more recommendations will be completed once the OMPB Terms of Reference have been updated. • Two recommendations related to Legal Charges within projects, which are of an ongoing nature. Once it had been demonstrated that these recommendations had been implemented/being worked upon these will also be deemed to be completed. – EZ Spec Units suggested by L Gore to provide evidence that things have progressed 	
8	<p><u>WORK PROGRAMME</u></p> <p><u>17 November 2022</u></p> <ul style="list-style-type: none"> • Final Development Briefing Southgates. • Draft Terms of Reference for Post Project Evaluation of Refit 2 – R Wiseman to confirm. • Gateway Approvals/Approval BID (M Henry to discuss with R 	

	Eacott).	
9	<p><u>SCHEDULE OF MEETINGS 2023</u></p> <p>The draft Schedule of meetings was noted and would be considered together with the Terms of Reference.</p>

BOROUGH COUNCIL OF KING'S LYNN & WEST NORFOLK

OFFICER MAJOR PROJECTS BOARD

**Minutes of the Meeting of the above held on Thursday, 17th November, 2022
at 9.30 am on Microsoft Teams**

PRESENT: Matthew Henry, Russell Eacott, Chris Upton, Matthew Head, James Grant, Geoff Hall, Jemma Curtis, Rob Wiseman, Vanessa Dunmall, Michelle Drewery and David Ousby.

		<u>ACTION</u>
1	<p><u>APOLOGIES</u></p> <p>Alexa Baker, Duncan Hall and Lorraine Gore.</p>	
2	<p><u>MINUTES OF THE PREVIOUS MEETING</u></p> <p>The Minutes from the previous meeting were agreed as a correct record.</p>	
3	<p><u>MATTERS ARISING - GUILDHALL REPORT TO MEMBER MAJOR PROJECTS BOARD</u></p> <p>Russell Eacott explained that the Guildhall Project was currently going through the Town Deal Project Board and then would come to the Officer Major Project Board. It was not ready to go to the Member Major Project Board at the current time.</p> <p>Cabinet would also need to be briefed on the impact of the loss of the NHLF Capital and potential phasing of works.</p> <p>Russell Eacott to speak to the Chair of the Member Major Projects Board to reschedule the update on the Guildhall which was currently scheduled for December.</p> <p>AGREED: The Board agreed that the update on the Guildhall to the Member Major Projects Board should be delayed.</p>	RE
4	<p><u>FINAL DEVELOPMENT BRIEFING SOUTHGATES - J CURTIS, A RAWLINGS AND EXTERNAL CONSULTANTS</u></p> <p>The External Consultants working on the Southgates Masterplan attended the meeting for this item to provide information on the feedback on the consultation, amendments to the Masterplan and the</p>	

	<p>delivery aspect of the project to take it forward to Cabinet in early 2023.</p> <p>The Consultants provided an overview of the Masterplan, the Vision for the area and an update on activities such as stakeholder engagement and public consultation. Around 100 people had attended the public consultation, there had been 275 views of the virtual consultation and 128 questionnaire responses. Feedback had been mainly positive, and the results were included in the agenda.</p> <p>The Group was provided with a high-level overview of the Delivery Strategy which included Highway's work, contracts, site assembly and the delivery approach.</p> <p>Questions were invited and the Consultants explained that viability work had been done and showed that the site was challenging. It was noted that the project was a Regeneration Scheme and not a commercial scheme. It was explained by the consultants that work would have to be carried out by the Council to address the funding gap and look at funding opportunities such as Levelling Up, Homes England and Brownfield Sites funding.</p> <p>Matthew Henry commented that it was important for Cabinet to be kept up to date on any funding issues in advance of any Cabinet report being presented.</p> <p>David Ousby asked about timescales for delivery of the project and asked if a SPG or planning document for the site was required. The Consultants explained that it was their view that the Highways works should be completed first, which meant that development on site was unlikely until 2025. It was also explained that discussions with landowners had commenced, and a site assembly strategy would be looked at with Norfolk County Council.</p> <p>The Group discussed the Norfolk County Council LUF Bid, which also included the wider gyratory network.</p> <p>It was noted that the next stage of the process would be to present the report to Cabinet to progress to the next stage and address the funding gaps.</p> <p>Russell Eacott explained that this project would be ideal for the refreshed project development group and new processes for project management.</p>	
5	<p><u>DRAFT TERMS OF REFERENCE FOR POST PROJECT EVALUATION - V DUNMALL</u></p> <p>Vanessa Dunmall and Rob Wiseman would circulate the draft Terms</p>	RW/VD

	of Reference to officers for comments prior to it being considered by the Member Major Projects Board.	
6	<p><u>TERMS OF REFERENCE - R EACOTT</u></p> <p>The Terms of Reference would be considered once the project maturity assessment work had been completed.</p>	
7	<p><u>GATEWAY APPROVALS/APPROVAL BID - M HENRY, R EACOTT</u></p> <p>Russell Eacott explained that a gateway process was required to ensure reporting and endorsement of projects at the relevant stages. This would be included in the project maturity assessment work.</p>	
8	<p><u>TOWNS FUND - EXCEPTION REPORTING - J CURTIS, D HALL</u></p> <p>Jemma Curtis explained that the Monitoring and Evaluation return was due to Government on 16th December. This return would include reporting on the April to September outputs achieved. Clarification was also being sought on the process for deferring some spend to the next financial year.</p>	
9	<p><u>WEST WINCH RISK REGISTER - EXCEPTION REPORTING - G GREAVES</u></p> <p>Ged Greaves presented the October 2022 Risk Register for West Winch. He provided detail of the risks that had changed ratings.</p> <p>Risk 3 – Funding – the risk had been increased to ‘likely’.</p> <p>Risk 9.b – Cost of Housing Delivery – risk had been amended to reflect inflation concerns and availability of materials.</p> <p>Risk 4 – Collaboration Agreement – risk rating had improved to reflect the stakeholder and landowner engagement.</p>	
10	<p><u>SCHEDULE OF MEETINGS 2023</u></p> <p>Matthew Henry to liaise with Wendy Vincent, Democratic Services Officer to confirm the Schedule of Meetings for 2023.</p>	MH/WV
11	<p><u>WORK PROGRAMME</u></p> <p>The Work Programme was noted.</p>	
12	<p><u>DATE OF NEXT MEETING</u></p>	

	Provisionally 19 th December 2022, but possibly subject to change.
