Financial Assistance Small Grants Scheme

Summary

This report details the decisions made in relation to the Small Grants Scheme capital and revenue grants awards for 2022-23, and the grant awards for the Queen's Platinum Jubilee Fund.

Recommendation

To approve the decisions set out below.

Reason for Decision

Determination of applications under the above Funds.

A grants panel meeting was held on 7th April to review applications for capital and revenue grants which fall within the Culture, Heritage and Health Portfolio. Applications to the Queen's Platinum Jubilee Fund were also reviewed. This report details the recommendations made by the Portfolio Holder.

The recommendations featured in this report are subject to the 'call in' procedure. When the grant decision becomes official the applicants will be notified in writing by the Norfolk Community Foundation on behalf of the Borough Council. All terms and conditions of the grants will be stated in the official offer letter.

Awards over £5,000:

Great Massingham Village Hall and Institute

Funds are requested to resurface two existing tarmac courts at the Village Hall for the continuing use of the Great Massingham Tennis and Multi-Sports Club. The courts have not been resurfaced since originally put down and whilst they have been repainted and repaired several times they are starting to degrade, there is some subsidence to one court. The resurfacing will provide a safe playing surface, one that is level and will drain more quickly.

The Club has a membership of 256 players with membership ranging from 4 to seventy-eight years of age. Racquets and balls are left at the courts to encourage children to use them free of charge. The membership fee is also kept to a minimum (£35/annum).

A grant of £10,000 is requested towards the total project cost of £30,840. £20,840 has been raised through the Tennis Club.

Decision: To award £10,000.00, utilising a previous grant award of £3,000 for a project that will no longer proceed.

St Mary's Church, Feltwell

Funds are requested to re-purpose the North Aisle of the church for the community by installing toilet and kitchen facilities and levelling the floor to create a larger space. The PCC wish to secure the building's longevity as a community space for all by making these changes. Currently there is no running water, toilets or kitchen facilities at the Church. By installing these, it will create an accessible space for wider use by a variety of community groups and community events including Feltwell Food Pantry, support and befriending groups, exhibitions for local artists, exercise classes, a quilting group. It will also provide a base for refreshments for village wide events such as the annual music festival and vintage car show.

Planned works include installation of accessible toilet and small kitchen facilities on the west side of the North Aisle, removal of the raised pew platform to create a level floor, filling in of a redundant boiler pit, and potential installation of a larger kitchen and servery facilities if funds allow.

A grant of £10,000 is requested towards a total project cost of £176,250. A sum of £108,593 has been raised so far and the project has been phased

enabling the group to go ahead with elements of the project as funds are raised.

Decision: To award £10,000.00

The Garage Trust Ltd

Funds are requested to purchase a number of items to improve the group’s venue ‘The Workshop’ on New Conduit Street, King’s Lynn. This includes sound and lighting equipment, branded ‘cladding’ to make the interior more aesthetically pleasing, dynamic and engaging, drapes, studio flooring, studio mirrors, digital signage for windows and some performance props.

The applicant explains that the current building, being an old bank, presents challenges for the delivery team to execute a dynamic programme of activities. Feedback from participants has shown a need to improve the space and equipment, for instance the flooring is not level.

The current programme includes 55 weekly sessions. It seeks out people of all ages who face barriers and nurtures vulnerable young people, helping to provide a foundation of self-esteem that strengthens their ability or resilience to cope with life’s challenges. The application reports that 79% of people in deprived communities ate more healthily after engaging in the arts, 77% engaged in more physical activity and 82% enjoyed greater wellbeing.

A grant of £9,950 is requested towards a total project cost of £35,543 of which £25,593 has already been raised.

Decision: To award £9,950.00

Pre-Screening Equality Impact Assessment

Borough Council of
King's Lynn & West Norfolk

Name of policy/service/function	Financial Assistance – Small Grants Scheme				
Is this a new or existing policy/ service/function?	New / Existing (delete as appropriate)				
Brief summary/description of the main aims of the policy/service/function being screened. Please state if this policy/service rigidly constrained by statutory obligations	A small budget is available for local community and voluntary groups to apply for funding, under the guidance of set criteria, to improve community facilities. The Scheme is administered by Norfolk Community Foundation, with grant award decisions made by Borough Council Officers and Members. It is not a statutory function.				
Question	Answer				
<p>1. Is there any reason to believe that the policy/service/function could have a specific impact on people from one or more of the following groups according to their different protected characteristic, for example, because they have particular needs, experiences, issues or priorities or in terms of ability to access the service?</p> <p>Please tick the relevant box for each group.</p> <p>NB. Equality neutral means no negative impact on any group.</p>		Positive	Negative	Neutral	Unsure

Question	Answer	Comments			
2. Is the proposed policy/service likely to affect relations between certain equality communities or to damage relations between the equality communities and the Council, for example because it is seen as favouring a particular community or denying opportunities to another?	Yes / No	No- any constituted group can apply for funding. Providing the function for which they are applying for benefits the community, and meets the Scheme criteria, then any group can apply.			
3. Could this policy/service be perceived as impacting on communities differently?	Yes-/ No	Every application has to demonstrate a clear benefit to the community so grants will only ever improve a community and its facilities.			
4. Is the policy/service specifically designed to tackle evidence of disadvantage or potential discrimination?	Yes-/ No	Some projects will do this through their activities, but this is not a specific requirement of the Scheme.			
<p>5. Are any impacts identified above minor and if so, can these be eliminated or reduced by minor actions?</p> <p>If yes, please agree actions with a member of the Corporate Equalities Working Group and list agreed actions in the comments section</p>	Yes-/ No	Actions:
