

King's Lynn & West Norfolk Health and Wellbeing Partnership

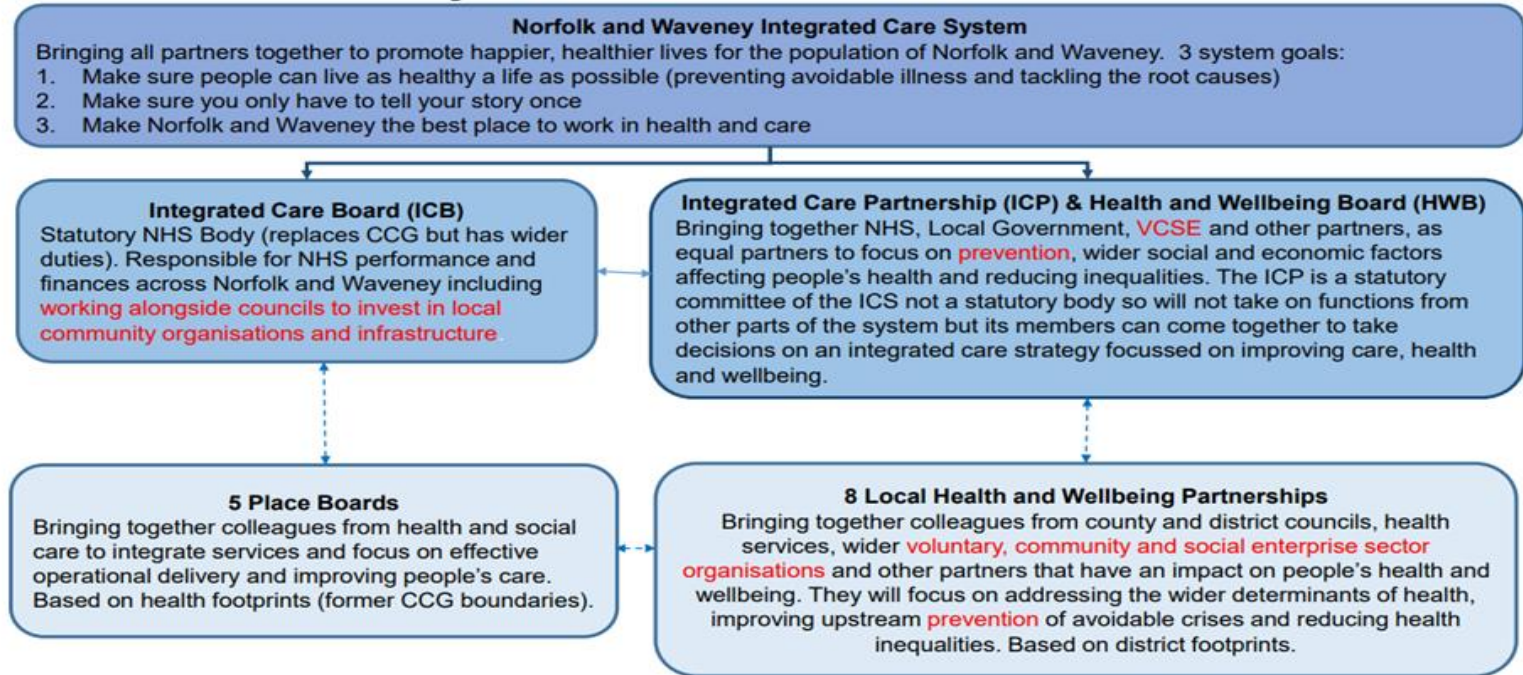

Mark Whitmore – Assistant Director

King's Lynn and
West Norfolk
**Health &
Wellbeing
Partnership** 

Borough Council of
**King's Lynn &
West Norfolk**

The Integrated Care System (ICS) and the Health & Wellbeing Partnership (HWP)

How the HWP works

The HWP meets on a six weekly basis

It is chaired by Cllr Sam Sandell – Cabinet Member for People and Communities

Membership is open to any organisation with links to Health & Wellbeing in West Norfolk

Also attended by the ICB, NCC Public Health Officer, BCKLWN officers

How the HWP works

Intelligence –

- The HWP utilises ‘hard’ and ‘soft’ intelligence to develop a shared picture of each place, identify local priorities and specific target areas of inequality
- It works collaboratively to identify local health inequalities

Prevention –

- The HWP will provide a system wide focus on prevention of ill-health and anticipatory care to prevent crises
- It will prioritise prevention; identify opportunities to support communities and their residents to stay well, improve their health and wellbeing and prevent ill health

Developing Local Priorities & Plans –

- The HWP is developing a co-owned strategy and workplan for addressing the health and wellbeing needs of each place working with local people to identify what health and wellbeing outcomes matter most in their community
- It will co-produce and deliver solutions that aim to support local priorities and address local health inequalities

Influencing –

- It will work collaboratively to influence the wider determinants of health in the local place such as housing, education and employment

What has happened so far in West Norfolk

The King's Lynn and West Norfolk HWP which started in May 2022 have so far;

- Agreed a Terms of Reference for how we work together
- Agreed 3 priorities, based on data for the area, for this year to support mental health, alcohol consumption and weight management programmes
- Refreshed/developed the previous LDG Inequalities Working Group to form The West Norfolk Health Inequalities Group – Terms of Reference agreed
- Working groups developed from the previous LDG Inactivity Group – The West Norfolk Healthy and Active Lifestyle Group – Terms of Reference agreed and activity/project work in progress
- Covid Recovery Fund (£347k) – Awards made to 12 organisations linked to the three priorities. Launched in September 2022
- Better Care Fund (£82k) – funding agreed for 3 projects to reduce impact on adult social care and emphasise prevention.
- Active NoW (£12.5k) – funding agreed for exercise rehabilitation scheme delivered by Alive West Norfolk

Updates from funding

The HWP received updates from the Covid Recovery Fund projects at it's March meeting.
