1. INTRODUCTION

- 1.1 Where people commit fraud against the public sector and public services, they take money away from the services on which the public depend, and damage citizens' trust in the government. The Borough Council of King's Lynn and West Norfolk (the Council) is committed to protecting the public funds entrusted to it and to upholding the highest standards of financial probity and accountability. We cannot afford to be complacent, and we urge all our members, employees, contractors, and partners to assist us in fighting fraud by having regard to this policy and the risks of fraud when carrying out their duties, recognising that, if uncontrolled, fraud diverts much needed resources from our communities.
- 1.2 The "Annual Fraud Indicator 2023" produced by Crowe Clark Whitehall estimated that annual UK fraud losses could be £219 billion, with Public Sector fraud losses estimated to be £50.2 billion. The Government's "Economic Crime Plan 2023-2026" states that Fraud accounted for an estimated 41% of all crime experienced by adults in England and Wales in the year ending September 2022. Fraud is now the most common offence in the UK and local authorities continue to face significant fraud challenge, exacerbated by the Covid-19 pandemic and the ongoing cost-of-living crisis. Economic crime refers to a broad category of activity involving money, finance or assets, the purpose of which is to unlawfully obtain a profit or advantage for the perpetrator or cause loss to others. This poses a threat to the UK's economy and its institutions and causes serious harm to society and individuals. It includes activity which:
- Allows criminals to benefit from the proceeds of their crimes or fund further criminality,
 - Damages our financial systems and harms the interests of legitimate business,
 - Undermines the integrity of the UK's position as an international finance centre, and
 - Poses a risk to the UK's prosperity, national security, and reputation.
- 1.3 This policy recognises that the terms "fraud" and "corruption" form part of a much wider agenda, but the policy has not been re-titled "economic crime"; however, acknowledging this enables us to have an awareness and provide a holistic response to the following types of criminality:
- Fraud against the individual, private sector, and public sector
 - Terrorist financing
 - Sanctions contravention
 - Market abuse
 - Corruption and bribery
 - The laundering of proceeds of all crimes.

- 1.4 This policy details the Council's arrangements for managing the risk of fraud and corruption. We are committed to reducing losses from fraud by using an integrated approach which encompasses the Fighting Fraud and Corruption Locally (FFCL) 2020's standards of:
- Governance (accountability, leadership, awareness, strategy, resources, authority, and independence),
 - Operations (capability & competency, risk assessment, intelligence & data, collaboration, prevention, investigation, and redress), and
 - Reporting (measurement, transparency, and monitoring).
- 1.5 The threat and risks of fraud and corruption are ever evolving and can quickly develop into new and complex fraud attacks and as such our response to countering fraud needs to be dynamic as developments in technology, social change and other factors create new challenges.

2. DEFINITIONS

- 2.1 This policy is designed to cover the risks associated with theft, fraud, corruption, bribery, and ICT abuse, whether they are perpetrated by employees, councillors, residents, visitors, contractors, suppliers or individuals and organisations unconnected with the Council. For the purpose of this policy the following definitions are used:

2.2 Fraud

Fraud is a general term covering theft, deliberate misuse or misappropriation of assets or anything that leads to a financial advantage to the perpetrator or others upon whose behalf he or she acts, even if these "others" are in ignorance of the fraud. Fraud is in fact intentional deceit and for this reason it cannot include negligence.

Fraud is defined as the intentional distortion of financial statements or other records by persons internal or external to the authority which is carried out to conceal the misappropriation of assets or otherwise for gain.

In addition, fraud can also be defined as the intentional distortion of financial statements or other records by persons internal or external to the authority which is carried out to mislead or misrepresent.

The Fraud Act 2006 which came into effect on 15th January 2007 created a new general offence of fraud with three ways of committing it: -

- a. Fraud by false representation,
- b. Fraud by failing to disclose information, and
- c. Fraud by abuse of position.

2.3 Theft

A person is guilty of theft under the Theft Act 1968 if they dishonestly appropriate property belonging to another with the intention of permanently depriving the other of it. It is immaterial whether the appropriation is made with a view to gain or is made for the thief's own benefit. In terms of "appropriation", any assumption by a person of the rights of an owner amounts to an appropriation, and this includes, where they have come by the property (innocently or not) without stealing it, any later assumption of a right to it by keeping or dealing with it as owner. "Property" includes money and all other property, real or personal, including things in action and other intangible property.

2.4 Corruption

Corruption is defined as the offering, promising, or giving a payment or benefit-in-kind in order to influence others to use their position in an improper way to gain an advantage. It is also a criminal offence to request, agree to receive or accept a bribe.

2.5 Bribery

A bribe is a financial or other advantage that is offered or requested with the intention of inducing or rewarding the improper performance of a relevant function or activity, or with the knowledge or belief that the acceptance of such an advantage would constitute the improper performance of such a function or activity. The Bribery Act 2010 reformed criminal law regarding bribery related offences, making it easier to tackle this offence proactively in both the public and private sectors. Four main offences of bribery were created as a result of the act:

- Offence of bribing another person
- Offence of being bribed.
- Bribery of foreign public officials
- Failure of commercial organisations to prevent bribery.

The corporate offence of failure to prevent bribery means that commercial organisations (including public organisation's wholly owned companies, subsidiary companies, and traded services) and their boards may be exposed to criminal liability if it is found that adequate procedures to prevent bribery have not been implemented.

2.6 ICT Abuse

There is no definition of ICT fraud and abuse, but the Audit Commission devised the following list to determine the different acts that it covers:

Type of ICT Fraud or Abuse	Ways Committed
Business Disruption	• Virus infections/denial of service • Hacking • Sabotage
Reputational Damage	• Accessing inappropriate material • Invasion of privacy • Using unlicensed software
Financial Loss	• Unauthorised alteration of input • Destroying, stealing, or suppressing output • Making unapproved changes to stored information. • Amending or misusing programs • Using ICT facilities for private work • Theft of information

2.7 Money Laundering

Money laundering risks are managed through the Council's Anti-Money Laundering Policy and AML Procedures. Operational steps are set out in the AML Procedures.

3. **POLICY STATEMENT**

- 3.1 The Council is committed to the prevention, detection and deterrence of fraud and corruption and the protection of public funds. This policy is the over-arching anti-fraud and anti-corruption policy for the Council and all the varying functions that it delivers, including any functions and activities delivered through its Local Authority Trading Companies (LATCs) in its fight against fraud and corruption both internally and externally. For the purpose of this Policy the term "Council" refers the Council and its LATCs.

4. **AIMS**

- 4.1 This policy recognises that the Council as a large organisation is at risk of loss due to fraud and corruption both internally and externally. As such this policy sets out the approach that the Council uses to manage the risk of fraud and corruption and minimise the losses incurred.
- 4.2 There is an expectation and requirement that all Members, employees, consultants, contractors, partner organisations, volunteers and service users be fair and honest, and if able to do so, provide help, information, and support to assist the investigation of fraud and corruption. In addition, advice on how members of the public may raise suspicions about fraud and corruption is contained within this policy.

4.3 The Council is committed to an effective anti-fraud and anti-corruption policy designed to:

- a) Encourage prevention,
- b) Promote detection and deterrence,
- c) Ensure effective investigation where suspected fraud or corruption has occurred, and
- d) Take action (including prosecuting offenders) where appropriate.

5. SCOPE

5.1 The Council faces several different fraud and corruption risks over a large range of service areas and functions that it undertakes. The Internal Audit team have developed and maintain a Fraud Risk Register for its internal use to establish risks and highlight internal controls that can be used to mitigate those risks to minimum/acceptable levels. The Fraud Risk Register enables the Council to identify both internal and external fraud and corruption risks and then assess their likelihood and impact. It then evaluates the risks and identifies internal anti-fraud controls to be implemented to prevent, detect, and mitigate residual fraud risk. The Fraud Risk Register is maintained as a live document to continue to inform and update on counter fraud activities and controls required. Please see Appendix 1 for details of the fraud risks the Council could face.

1. Internal Control Systems,
2. Employee recruitment and conduct,
3. Joint working to prevent and combat fraud,
4. Use of technology, and
5. The work of the Audit Committee.

9.2 Internal Control Systems

Internal controls are in place to prevent fraud. It is the responsibility of all managers to establish and maintain systems of internal control and to assure themselves that those controls are properly applied as intended. This includes responsibility for the prevention and detection of fraud and corruption.

The Council implements strong systems of verification of all claims for all types of financial assistance. All data available will be used to corroborate information given by applicants for the purpose of prevention and detection of fraud. Grants and assistance given to external organisations will be monitored to ensure applications are genuine.

The evaluation of tenders during the procurement process will seek evidence of commitment to prevention of fraud and corruption for contracts of significant value and risk, the council.

The Internal Audit Team will ensure that an adequate and effective internal audit is undertaken of the Council's systems and processes and will investigate allegations of fraud and corruption. Any system weaknesses that are identified as part of these investigations will be reported to the relevant manager / Assistant Director and an action plan agreed to remedy the issue. The Audit Committee will receive regular reports from the Internal Audit Manager on the results of internal audits and any investigations, including follow-up on the implementation of agreed actions.

The Internal Audit Team have also developed a Fraud Risk Register which is being used to understand what information and data is held within each service area within the Council that could be subject to fraud and corruption. Internal

Audit will maintain the Fraud Risk Register to support the mitigation of risk through the implementation of effective controls.

9.3 Employee recruitment and conduct

Recruitment procedures require that all applicants will provide evidence of any qualifications claimed and all references will be taken up. The right to work in the country will also need to be demonstrated where necessary.

All employees must abide by the Council's rules as contained in relevant policies and procedures. This expectation forms part of the employee's contract of employment. Employees are also expected to follow any additional Codes of Conduct of a professional body to which they are registered.

All new Members and employees shall be given access to this policy document as part of their initial induction process.

9.4 Joint working to prevent and detect fraud

The Council participates in data-matching exercises such as the National Fraud Initiative (NFI), and the Norfolk FraudHub. The Council also makes full use of its statutory powers to obtain information using bodies such as the National Anti-Fraud Network (NAFN) to identify possible instances of fraud. The Internal Audit team also conduct joint working with the DWP for the purposes of investigating benefit fraud/error and with Housing Associations for the investigation of Right to Acquire and Tenancy Fraud.

9.5 Use of Technology

The Council will make use of technology and other measures made available for the prevention and detection of fraud and corruption; this may include software available for these purposes where an appropriate Data Privacy Impact Assessment has been undertaken and legislation allows their use. Examples of such software include the use of "AppCheck", an application checking tool available through the Cabinet Office to highlight risk relating to applications that have been received which may be fraudulent.

9.6 Audit Committee

The Terms of Reference for the Audit Committee require it to 'assess *the potential harm to the council from fraud and corruption, monitoring counter-fraud policy, action and resources*'. As such the Committee receives regular reports from the Internal Audit Manager on work carried out and considers the adequacy of the Council's policies relating to the prevention and detection of fraud and corruption.

- 9.7 All Members and employees are required within 28 days of receiving any gift or hospitality over £50 to provide written notification to the Monitoring Officer or their Assistant Director, of the existence and nature of the gift or hospitality. Registers are maintained of all declarations.

- 9.9 All employees must comply with any requirements of the Council to register or declare interests and declare hospitality, benefits or gifts received as a consequence of his or her employment as per the Officers' Code of Conduct. Registers of Interests, memberships of, or associations with, clubs, societies and other organisations are kept to protect and safeguard the interests of all staff and the Council, where conflicts of interest may arise. Examples of where conflicts of interest may arise and how they should be approached are given below:
- Employees should not have any involvement in the procuring of goods and/or services from a supplier that is a friend / family member or other associate such as their landlord.
 - Employees should not have any involvement in the processing of invoices relating to goods or services from a supplier that is a friend / family member or other associate such as their landlord.
 - Employees should not have any involvement in the assessment / processing of claims for grants, benefits, or any other type of financial assistance relating to a friend/family member or other associate such as their landlord.

This may involve the exchange of information with other organisations and data matching (in accordance with the Data Protection Act and General Data Protection Regulations 2018).

9.12 The Council will conduct other anti-fraud and anti-corruption measures as it sees fit where they are compliant with relevant legislation and/or regulations.

10. DETECTION AND INVESTIGATION

10.1 Fraud cannot be prevented entirely. All members and employees must know how to act when they detect or reasonably suspect it. Preventative controls reduce risk, but concerns may arise via controls, tips or chance; report them promptly via the Whistleblowing route.

10.2 What should be reported?

Concerns which should be reported include, but are not limited to staff/Council Members/Associates or others committing or attempting to commit:

- Any dishonest or fraudulent act.
- Forgery or alteration of documents or accounts.
- Misappropriation of funds, supplies or other assets.
- Impropriety in the handling or reporting of money or financial transactions.
- Profiting from an official position.
- Disclosure of official activities or information for advantage.
- Accepting or seeking value from third parties by virtue of official position or duties.
- Theft or misuse of property, facilities, or services.
- Offering or receiving bribes.

External organisations' actions which should be reported include:

- Being offered a bribe or inducement by a supplier.
- Receiving fraudulent (rather than erroneous) invoices from a supplier.
- Reported allegations of corruption or deception by a supplier.

10.3 What happens if we are contacted by the press in relation to suspected or actual fraud, bribery, or corruption?

All media enquiries about suspected / active / completed cases are handled only by the Monitoring Officer, the Chief Executive or S151 Officer. Employees / Members / third parties must not comment publicly. See Corporate Communications Policy.

10.4 Alternatively, the Council's **Whistleblowing Policy** encourages and enables employees to raise any serious concerns. Employees who report their concerns in this way are afforded certain rights and protections under the Public Interest Disclosure Act 1998.

10.6 Financial Regulations require that whenever any matter arises which involves or is thought to involve financial or other irregularity, the relevant Executive

Director/Assistant Director concerned must immediately notify the Assistant Director, Resources (S151 Officer), Monitoring Officer or the Audit Manager. Where a member of staff identifies a potential fraud or irregularity, they should follow the guidance in the Council's Whistleblowing Policy and this policy. Reporting cases in this way is essential to this policy to ensure that:

- All suspected cases of fraud and corruption are investigated properly;
- There is a standard process for dealing with all suspected cases of fraud and corruption; and
- People and the Council's interests are protected.

10.7 Internal Audit will consult with the relevant Assistant Directors to decide on the type and course of investigations. Personnel staff will also be consulted and involved where appropriate in investigations, particularly where they may lead to disciplinary action. This will include referring cases to the Police where necessary. Internal Audit may also seek informal advice from the Police in the early stages of an investigation. Care will be taken to ensure that internal disciplinary procedures are followed but do not prejudice any criminal case.

10.8 Allegations of fraud will be assessed by the Internal Audit Manager or Senior Internal Auditor with the relevant Assistant Director, Assistant Director Resources (S151 Officer) and Executive Director, Central Services. The appropriate course of action will be agreed and if necessary, investigated by a suitably qualified senior member of staff independent of the area under suspicion or by a suitably qualified external person ("the investigating officer") appointed by the Assistant Director (or if they are the subject of the allegation, an Executive Director, the Chief Executive or Chair of the Audit Committee). Before making such an appointment, consultation may be undertaken with any member of the Executive Director Team, the Chief Executive, the Leader of the Council, the Chair of the Audit Committee, and any other person whom they consider appropriate. This may include staff from technical areas to provide specific insight into any relevant issues.

10.9 If the initial enquiry reveals that further investigation needs to take place, it may be necessary to preserve the available evidence. Evidence may take various forms and the way it should be handled is as follows:

- Original documents – these should be handled as little as possible and placed in a protective folder with only one person responsible for maintaining them in a secure/locked place.
- Computer held data – the computer should be secured, and the IT department consulted on how to best retrieve the data.
- Cash – where cash needs to be counted, this should be done so by the person responsible for it and their manager. A statement should then be signed to confirm a correct record of the amount.

- Video evidence – any video recording that could provide information of value should be secured so that it can be treated in accordance with the Police and Criminal Evidence Act 1984 (PACE) Under no circumstances should it be viewed by anyone.

10.10 Allegations of fraud against Members which results in a complaint of misconduct under the Members' Code of Conduct will be dealt with in accordance with the codes of conduct established within the Localism Act 2011.

10.11 Where controls have been found to have not been followed or in the event that poor controls are identified as a contributing factor to fraud and corruption, these details will be captured as lessons learned and fed into the Fraud Risk Register and highlighted to the relevant Service areas by the Internal Audit Team in order to maintain a process of continuous improvement and to keep the Council's response to Fraud and Corruption dynamic.

11. DETERRENCE

11.1 The Council will seek the most appropriate sanction and redress against all those who commit fraud and/or corruption against the Council.

11.2 Where appropriate, and subject to our statutory obligations under data protection legislation, we will publicise details of criminal convictions and provide statistical information in relation to disciplinary action to deter others who may consider committing such offences themselves.

11.3 All managers have a responsibility for ensuring that control measures are in place to minimise the risk of fraud and ensure all staff are aware of these procedures. Where effective controls are in place there is less opportunity to commit fraud, which in turn acts as a deterrent.

11.4 It is essential that all Members and officers (including agency staff, volunteers, and contractors) adhere to the responsibilities set out within the "Roles and Responsibilities" section of this policy to assist in the deterrence of fraud and corruption.

12. SANCTIONS AND REDRESS

12.1 The strongest available sanctions will be pursued against all who commit fraud and/or corruption against the Council. This may include disciplinary action, prosecution, civil proceedings, or a combination of all. The decision to

recommend any or all of these sanctions will be made on a case-by-case basis, having regard to the nature and extent of the fraud and evidence available.

- 12.2 At the conclusion of the investigation a report will be written, concluding on whether there is a case to answer. The final decision on the course of action to be taken will be made by the Executive Director/Assistant Director concerned. Any decision to refer the matter to the police will be taken jointly by the Assistant Director, Resources (S151 Officer), Executive Director, Central Services and the relevant Assistant Director of the service affected.
- 12.3 In cases of proven fraud, the Council will seek to recover any monies and will use all means available to recover these amounts. This can include freezing assets, Compensation Orders, Confiscation Orders, Civil Litigation, and general debt recovery according to the circumstances of the fraud.
- 12.4 Where a criminal conviction has been secured, the Council will seek a Compensation Order through the Courts and consider using the Proceeds of Crime Act 2002 to recover losses.
- 12.5 Concerns raised in good faith that turn out to be unfounded or cannot be proven will not result in any negative consequences for those who reported them. However, unfounded allegations made by Council Officers for malicious purposes may be referred to Personnel. Malicious allegations may constitute misconduct and have potential disciplinary consequences.

13. COLLABORATION

- 13.1 Arrangements are in place and will be maintained to facilitate joint working to enhance the counter fraud activity, and to liaise proactively with other organisations and agencies to assist in countering fraud, sharing resources, skills and learning, good practice and innovation, and information. Information will be exchanged as appropriate on national and local fraud and corruption activity and arrangements with external organisations including:
- The Police;
 - Other councils and housing associations;
 - Partner organisations to the Council;
 - The External Auditor;
 - The Local Government Ombudsman;
 - The Department for Work and Pensions (DWP);
 - The Cabinet Office;
 - The National Anti-Fraud Network (NAFN);
 - Other member organisations of the Norfolk FraudHub.

13.2 Through such arrangements the Council will also benefit from a range of appropriately skilled people from diverse counter fraud disciplines including, and beyond, investigation.

13.3 DATA MATCHING

The Council will undertake data matching exercises as appropriate for the purposes of identifying and reducing fraud and corruption.

Monthly data matching files and Real Time Information (RTI) are received from the DWP, and the information used to identify any incorrectness of a Housing Benefit or Council Tax Support claim.

The Council also takes an active part in the National Fraud Initiative (NFI) as organised by the Cabinet Office and the Norfolk FraudHub which involves Norfolk County Council and all District Authorities within Norfolk. These involve submitting data we hold in various departments of the Council for matching to data held by other organisations and other departments to identify discrepancies and following up promptly any highlighted matches returned that identifies anomalies that may be indicative of fraud or error. The use of intelligence information and data analytics in this way allows the Council to direct resources more efficiently and effectively, through identifying anomalous transactions or events for further investigation.

14. **ANTI-FRAUD AND ANTI-CORRUPTION CULTURE**

14.1 In order to tackle fraud and corruption effectively, the Council aims to develop and maintain an anti-fraud culture which maximises the engagement of all Members, employees, contractors, and partners of the Council. We all have a collective responsibility to have an awareness of fraud and corruption, and should consider the following five Fraud and Corruption Principles:

1. **There is always going to be fraud**

It is a fact that some individuals will look to make gain where there is opportunity, and the Council needs robust processes in place to prevent, detect and respond to fraud and corruption.

2. **Finding fraud is a good thing**

If you do not find fraud you cannot fight it. The identification of fraud should be viewed as a positive and proactive achievement.

3. **There is no one solution**

Addressing fraud needs a holistic response incorporating detection, prevention, and redress, underpinned by a strong understanding of risk. It

also requires cooperation between organisations under a spirit of collaboration.

4. **Fraud and corruption are ever changing**

Fraud, and counter fraud practices, evolve very quickly and the Council must be agile and change its approach to deal with these evolutions when the need arises.

5. **Prevention is the most effective way to address fraud and corruption**

Preventing fraud through effective counter fraud practices reduces the loss and reputational damage (although this can be difficult to measure). It also requires less resources than an approach focused on detection and recovery.

14.2 This policy recognises that the Council should strive for a culture and tone of honesty, and opposition to fraud and corruption.

14.3 There is an expectation and requirement that all individuals, businesses, and organisations dealing in any way with the Council will act with high standards of probity, openness and integrity and that Council Members, employees or its agent(s) at all levels will lead by example in these matters.

14.4 The Secretary of State has specified the general principles which are to cover the “conduct of members and co-opted members”. The Council will develop its working behaviour around these principles.

14.5 The Council’s Members’ Code of Conduct and Employees Code of Conduct set out the approach to work that is honest, fair, accountable and, as far as possible, transparent. Members and employees must act in line with the codes at all times.

14.6 The Council’s employees are a vital element in its stance against fraud and corruption, and they are positively encouraged to raise any concerns that they may have.

14.7 All information supplied will be dealt with fairly, confidentially and in line with the Council’s internal sets of procedures and data protection legislation. Data protection legislation refers to the Data Protection Act 2018 and General Data Protection Regulations (UK GDPR).

14.8 Assistant Directors are expected to deal firmly and quickly with those who are corrupt, who seek to corrupt, who defraud, or who seek to defraud the Council. Cases involving staff will usually lead to disciplinary action, which may result in

dismissal. Where there is prima facie evidence that a criminal offence has been committed internally it is the policy of the Council to refer cases to the Police.

14.9 There is a need to ensure that any investigative process is not misused and, therefore, any abuse, such as raising unfounded malicious allegations, may be dealt with as a disciplinary matter.

14.10 In relation to complaints involving Members, Internal Audit will consult the Monitoring Officer on whether or not the complaint falls within the scope of the "Members' Code of Conduct" and if so, what further steps (if any) should be taken.

14.11 The Standards Committee includes amongst its roles and functions the promotion and maintenance of high standards of conduct by Members, assisting Members to observe the "Members' Code of Conduct" and the monitoring and operation of the "Member's and Officer's Codes of Conduct". The Audit Committee maintains an overview of Internal and External Audit in relation to the "Member's Code of Conduct" and an overview of the "Whistleblowing Policy".

14.12 TRAINING AND AWARENESS

The Council recognises that an important aspect of its Anti-Fraud and Anti-Corruption Policy is the general awareness and responsiveness of employees and Members throughout the Council. To facilitate this, the Council supports the concept of induction and training in anti-fraud awareness, particularly for employees involved in internal control systems. All employees are made aware of the Anti-Fraud and Anti-Corruption Policy via various channels of communication e.g., service team briefings and the Intranet (InSite). In addition, a copy of this document is distributed to all Service Managers.

The Council will seek via appropriate publicity to increase and maintain the general public's awareness of the facilities available to report concerns about fraud and corruption. A copy of this policy will also be made available to the general public on the Council's website.

The investigation of fraud and corruption is carried out in consultation with Services by the Council's Internal Audit Team whose skill base in investigative techniques is maintained by appropriate training.

14.13 Specific fraud awareness training is available to employees and members in e-learning format. Awareness training for line managers is mandatory to ensure their teams are aware of their responsibilities as highlighted within this policy.

14.14 The Internal Audit department will ensure it maintains an understanding of fraud and corruption, and how it is evolving, and be responsible for the Council's response, this will help to develop future fraud and corruption awareness training and communications across the Council, it's LATCs and our partners and contractors.

15. HOW THE COUNCIL WILL PREVENT FRAUD AND CORRUPTION

15.1 The Council has a dedicated resource to counter fraud (including corruption) within the Internal Audit team that undertakes a range of counter fraud work appropriate to the fraud risks that have been identified by the Council. The resource includes accredited counter fraud specialist(s), with a working knowledge of ethical practices and due process. The Internal Audit team investigate cases of fraud and corruption in consultation with service areas affected.

15.2 Counter Fraud staff will attend regular refresher courses to ensure they are abreast of new developments and legislation. Where staff have roles that include delivering fraud controls, the Council will also ensure they are suitably trained, and understand the controls they operate.

15.3 The Council will seek via appropriate publicity to increase and maintain the general public awareness of the facilities available to report concerns about fraud and corruption.

15.4 Advice and guidance on how to pursue matters of concern may be obtained by contacting the Council's Customer Information Centre on 01553 616200 who can then direct queries to the following persons:

- Chief Executive
- Assistant Director, Resources (S151 Officer)
- Monitoring Officer
- Policy, Performance & Personnel Manager
- Audit Manager
- Senior Internal Auditor

FRAUD RISKS FACED BY THE COUNCIL

The fraud risks that the Council face include (but are not limited to):

All Service Areas/Corporately

- Commissioning of Services, including joint commissioning, joint ventures, commercial services, and partnerships with voluntary organisations involving risk of conflicts of interest, collusion, etc.
- False payment of grants, loans, or other financial support to any private individual or company, charity, or non-governmental organisation.
- False identity/fictitious persons applying for services/payments.
- Where an officer receives an email purporting to be from a senior officer requesting an urgent payment is made to a specified account.
- Exposure to suspect transactions (including money laundering).
- Cartels and organised crime groups (OCGs) increase prices by reducing or removing competition. OCGs can fraudulently obtain social housing or taxi licensing, make fraudulent benefit claims, or use Council services to launder criminal proceeds.
- The introduction of corporate criminal offences under the Criminal Finances Act 2017 introduces a strict liability for failing to prevent the facilitation of tax evasion by an associate of the Council, such as an employee or contractor. For example, a Council employee conspires with a supplier to falsify the amount paid on an invoice so that the supplier can evade paying income or corporate taxes. The Council will need to ensure that risks are identified and that procedures proportionate to those risks have been implemented.
- Bribery, excessive gifts, and hospitality.
- Secretive lobbying.
- Conflicts of interest.
- Theft of cash, assets, or other items such as data/information.
- Work not carried out, funds diverted, ineligibility not declared.

- False claims, including slips and trips.

Housing and Tenancy Related

- Fraudulent applications under the right to buy/acquire.
- False applications for assistance with housing requirements.
- Fraudulent applications for housing or successions of tenancy and subletting of the property. Local Authorities have the powers and jurisdiction to investigate tenancy fraud offences relating to social housing (including on behalf of Housing Associations) under the Prevention of Social Housing Fraud Act 2013.

ICT

- Based upon Freedom of Information requests sent to 426 councils across the UK it was identified by Gallagher that 2,274,188 attempted cyber-attacks were reported by UK councils during 2022. This is 14% more than the 1,996,204 attempted cyber-attacks reported by UK councils in 2021 in the same FOI request.
- Cyber criminals may target council systems to gain access to sensitive financial information or manipulate transaction records to disguise money laundering activities.
- High-risk breaches of GDPR because of cyber criminality could result in penalties of up to £17.5million or 4% of annual turnover being imposed by the Information Commissioner's Office (ICO).

Payroll

- False ("ghost") employees, fraudulent overtime and expenses claims.
- Claiming sick leave while doing another paid job.
- Pay rate falsification.

Revenues & Benefits

- Fraudulent applications for exemptions and reliefs (such a Small Business Rate Relief), unlisted properties (i.e., hereditaments that have not been appropriately registered for billing purposes).
- Fraudulent applications for and/or failure to report changes affecting discounts and exemptions (such a Single Person Discount, Student Disregards, Zero Occupancies and second home discounts, etc.).

- Fraudulent applications for and/or failure to report changes affecting Council Tax Support claims (such as undeclared partner's and/or other household members, undeclared income, undeclared capital, property, savings and/or investments).

LEGAL FRAMEWORK AND RELEVANT LEGISLATION

- 1.1 Local Authorities have a statutory duty under Section 151 of the Local Government Finance Act 1972 to make arrangements for the proper administration of their financial affairs. This includes the prevention, detection and deterrence of fraud and corruption.
- 1.2 There are also statutory requirements set out by the Fraud Act 2006, the Bribery Act 2010 and the 1968 Theft Act as set out in Section 2 (Definitions).
- 1.3 Alongside the offence legislation there are also other relevant pieces of legislation that govern the code of conduct in terms of investigation of offences:

Human Rights Act 1998 (HRA) and the European Convention on Human Rights (ECHR)

The Human Rights Act 1998 (HRA) applies to all public authorities. It incorporates the Articles contained in the European Convention on Human Rights (ECHR) into domestic law, making it unlawful for public bodies, to act in a way which is incompatible with the Convention. Paragraph 1 of Schedule 1 to the HRA lists the Articles under the ECHR. Those listed below are those most relevant to operational policing (investigating) and include the following rights:

- Article 1 Protection of property
- Article 2 Right to life
- Article 3 Prohibition of torture
- Article 4 Prohibition of slavery and forced labour
- Article 5 Right to liberty and security
- Article 6 Right to a fair trial

Police and Criminal Evidence Act 1984 (and the Codes of Practice) (PACE)

PACE sets out the balance between the powers of the police (or in terms of the Council, its investigating officers) and the rights and freedoms of the public. The PACE codes of practice cover:

- Stop and search
- Arrest
- Detention
- Investigation
- Identification

The Regulation of Investigatory Powers Act 2000 (RIPA) and the Investigatory Powers Act 2016 (IPA)

RIPA and IPA relate to the use of covert surveillance techniques, such as:

- Directed surveillance,
- Covert human intelligence sources; and
- The acquisition of communications data.

The Council has a separate policy regarding this known as “The Regulation of Investigatory Powers Act 2000 (RIPA) Policy”.

The Data Protection Act 2018 (DPA) and the General Data Protection Regulations (GDPR)

In terms of investigations and anti-fraud and anti-corruption, DPA and GDPR govern how personal information/data and other sensitive data is recorded, retained, and revealed. DPA and GDPR contain provisions of certain exemptions which can be used:

- For the purposes of the prevention and/or detection of crime (including fraud and corruption);
- The assessment and/or collection of any tax or imposition of a similar nature, and;
- For the apprehension and/or prosecution of offenders.

The Economic Crime and corporate Transparency Act 2023

Appendix 3

MEASURING IMPACT

- 1.1 The Council has adopted the Cabinet Office's national "Report Calculations" for measuring fraud loss where appropriate and uses local calculation methodologies where it feels local weighting should be applied and to furthermore enable the Council to be consistent with other member local authorities of the Norfolk FraudHub. As such, the Council will calculate fraud using the most up to date procedures and best practice.
- 1.2 Fraud and Error Reports are presented by Internal Audit to the Audit Committee on a half-yearly basis, to show how the Council is performing against the Anti-Fraud & Anti-Corruption Policy, the effectiveness of the policy and how the Council measures against the national counter-fraud standards (as set out within this policy document and the Fighting Fraud & Corruption Locally 2020 standards), including where appropriate details of corrective action where standards have not been met. The reports will include details of the level of fraud loss and will support a communication programme to publicise fraud and corruption cases.
- 1.3 The Council will conduct internal audits as part of the "Internal Audit Plan" that will review the effectiveness of the Council's Anti-Fraud and Anti-Corruption Policy, as well as periodic evaluations to provide objective feedback on the effectiveness of the investigation process. Internal Audit reviews consider any potential fraud risks which may exist within the subject area being reviewed, and where potential fraud risks exist, the mitigating controls will be identified and assessed. Periodic reviews will also be undertaken of policies, strategies and procedures surrounding anti-fraud and corruption.
