C:75 **URGENT BUSINESS**

C:76 **PETITIONS AND PUBLIC QUESTIONS**

Under Standing Order 9, the Mayor invited Mrs Jo Rust to ask her public question:

She congratulated the Council on the measures being put forward to alleviate homelessness and asked "Will the council commit to funding a permanent night shelter as part of its homelessness reduction strategy?"

Councillor Lawrence responded as follows:

"I have instructed officers to review & enhance the Council's winter emergency shelter arrangements, working with our partner organisations.

It is not our intention to plan permanent shelter provision. To do so would be a tacit acceptance that we are prepared to accept that rough sleeping will become a permanent feature in West Norfolk which we absolutely do not. Our ambition is to eradicate rough sleeping because it is dangerous and unacceptable. Shelter provision is not accommodation, and is something we will plan not to need eventually.

We are delivering new services and developing new models of temporary accommodation - as previously mentioned. It has to be an ambition to get people off the streets and into accommodation. It's recognised that some accommodation may be short term, and that some people will still make mistakes - new accommodation services will reflect the diversity of accommodation needed."

By way of supplementary Mrs Rust asked what measures the Council had in place to support those threatened with homelessness

Councillor Lawrence responded that the Council was constantly working with organisations such as the Purfleet Trust to ensure there was somewhere to go, and the cold weather provisions came into force when needed.

C:77 **FINANCIAL PLAN 2017/2022 AND COUNCIL TAX RESOLUTION 2018/2019**

Councillor Long proposed the CAB117: Financial Plan 2017/2022, of the Cabinet Meeting held on 6 February 2018. This was seconded by Councillor Mrs Nockolds.

In proposing the recommendations, Councillor Long reminded Members that 2 years ago the Council had accepted a 4 year funding plan from the Government. The Revenue Support Grant (RSG) was being phased out and it was planned that the Borough would be paying

for its services locally despite continued uncertainty around Business Rates retention, IDB, reducing RSG and Brexit. Councillor Long reminded members that the Borough's element of the Council Tax bill received by the householder was a very small element of it. The increase of £4.50 by the Borough allowed the Borough to provide more services than many others, empty the bins, provide homelessness support as well as providing the popular festival elements. The following years would involve financial constraint, but the Council was building houses, improving the carbon footprint of its buildings and sharing offices.

Councillor Parish expressed concern with the increase in car parking charges particularly at Heacham where there was no 2 hour slot but a 4 hour slot along with a large increase in residents and non residents permits and beach hut rents. He commented that the consultation period for the parking increases extended beyond the budget meeting.

Councillor Mrs Collop expressed concern about the change in time from 6pm to 5pm for the evening parking charges.

Councillor J Collop thanked officers for preparing the report and briefing his group on the content. He drew attention to the uncertainty from 2020/21 with Business Rates, the fair funding review, and that the Council was in the lowest quartile of Council taxes. He drew attention to press reports about concern by Council Leaders on finances, and expressed the view that Councils couldn't carry on in the way they were with the level of cut backs.

Councillor Joyce drew attention to the increases many residents would see in their Council Tax bills for the year but sympathised with both the Leader with the Government's funding position, and the opposition. He commented on items which he had raised at the Cabinet meeting which weren't mentioned in the budget report, and the provision of services free to the County Council who had their own budget. He considered some projects should be reviewed and ceased.

Councillor Howman drew attention to the fact that there was no fee increase in sex establishments or taxi licenses, but large increases for overnight parking. He also drew attention to the increase in charges for the crematorium.

Councillor Daubney drew attention to the fact that there was no alternative budget from the opposition, and commented that the Administration had maintained a sensible budget which kept the Council alive.

Councillor A Tyler drew attention to the financial situation and commented that the lack of increases in Council Tax in previous years had worsened the situation for the Borough.

In summing up Councillor Long drew attention to the fact that the financial situation had started when the Labour Government were in power, he drew attention to the fact that the parking charges did not come into force until 1 April, which was after the end of the consultation period, and the change in evening start time for parking charges had come about following comments from users in the town. With regard to the raising of Council Tax he reminded Members that there was no way of knowing what the situation would be in the future. In response to the points raised about items not being included in the budget, Councillor Long drew attention to the fact that the items raised were not included in the Revenue Budget, but would feature in the Treasury Management or Capital Strategy reports.

In accordance with Statutory Instrument 2014 No. 165, Local Government, England, The Local Authorities (Standing Orders) (England) (Amendment) Regulations 2014, any decision taken on the Council's Budget or Council Tax setting must be taken with a recorded vote.
