The hearing is not adversarial but an examination of the facts by the Members of the Committee. All participants must be courteous at all times. All parties will be given equal maximum time which is normally 15 minutes each, in total. Any person may apply for longer time if they immediately notify the Borough Council upon receipt of the Notice of the Hearing and in exceptional circumstances, the Borough Council may extend the maximum time allowed to all parties if the complexity of the application demands. Borough Council of King's Lynn & West Norfolk's Licensing Policy

10. The current Statement of Licensing Policy under the Act was approved by full Council on the 14th January 2021. The following extracts may be relevant to this application and assist the Sub-Committee:

3.0 Fundamental principles

3.1 The 2003 Act requires that the Council carries out its various licensing functions so as to promote the following four licensing objectives:

- (a) the prevention of crime and disorder,
- (b) public safety,
- (c) the prevention of public nuisance, and
- (d) the protection of children from harm.

3.2 Nothing in this 'Statement of Policy' will:

- (a) undermine the right of any individual to apply under the terms of the 2003 Act for a variety of permissions and to have any such application considered on its own merits;
- (b) override the right of any person to make representations on an application.

3.3 Every application will be dealt with impartially and on its individual merits. The Borough Council will not refuse to grant or vary an application unless it has received a representation from a responsible authority, such as the police or an environmental health officer, or other person, such as a local resident or local business, which is a relevant representation.

- 3.4 Licensing is about regulating licensable activities on licensed premises and any conditions that are attached to premises licences or club premises certificates will be focused on matters which are within the control of the individual licensee or club, i.e. the premises and its vicinity.
- 3.5 Whether or not incidents can be regarded as being “in the vicinity” of licensed premises is a question of fact and will depend on the particular circumstances of the case. In cases of dispute, the question will ultimately be decided by the courts. The Borough Council, in addressing this matter, will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned.
- 3.6 Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Nonetheless, it is a key aspect of such control and licensing law will always be part of a holistic approach to the management of the evening and night-time economy throughout the borough.

5.0 Licensing Hours

- 5.1 With regard to licensing hours, due consideration will be given to the individual merits of an application. The Borough Council recognises that, in some circumstances, flexible licensing hours for the sale of alcohol can help to ensure that the concentrations of customers leaving premises simultaneously are avoided. This can help to reduce the friction at late night fast food outlets, taxi ranks and other sources of transport which could lead to disorder and disturbance.
- 5.2 The Borough Council wants to ensure that licensing hours do not inhibit the development of thriving and safe night-time local economies. This is important for investment, local employment and attractive to domestic and international tourists. Providing consumers with greater choice and flexibility is an important consideration, but should always be balanced carefully against the duty to promote the four licensing objectives and the rights of local residents to peace and quiet.

9.0 Public Safety

- 9.1 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning.
- 9.2 A number of matters should be considered in relation to public safety. These could include:
- Fire safety;

- Ensuring appropriate access for emergency services such as ambulances;
 - Good communication with emergency services;
 - Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
 - Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);
 - Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
 - Ensuring appropriate limits on the maximum capacity of the premises; and
 - Considering the use of CCTV.
- 9.3 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. The Borough Council expects applicants to consider these when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they will achieve that.

10.0 Prevention of Public Nuisance

- 10.1 Licensed premises, especially those operating late at night and early in the morning can cause a range of nuisances which impact on people or businesses in the vicinity. The concerns will mainly relate to noise but could also include light pollution and noxious smells. The Borough Council expect operating schedules to satisfactorily address these issues, as appropriate.

14.0 Planning & Building Control

- 14.1 Planning, Building Control and licensing are separated and consider different (albeit related) matters. For instance, licensing considers public nuisance whereas planning considers amenity. As such licensing applications will not be a re-run of the planning application and will not cut across decisions taken by the planning committee or following appeals against decisions taken by that committee. Licensing Committees are not bound by decisions made by a planning committee, and vice versa.

17.0 Conditions

- 17.1 The Borough Council will not impose conditions unless it has received a representation from a responsible authority, such as the police or an environmental health officer, or other persons, such as a local resident or local business, which is a relevant representation, or is offered in the applicant's Operating Schedule. Any conditions will be proportional and appropriate to achieve the licensing objectives.

Guidance Issued Under Section 182 of the Licensing Act 2003

Under Section 4 of the Act, Licensing Authorities must have regard to guidance issued under Section 182. The current Guidance was issued by the Home Office in April 2018 and offers advice to Licensing authorities on the discharge of their functions under the Act.

11. The following extracts may be relevant to this application and assist the Licensing Sub-Committee:

Licensing Objectives and Aims

- 1.2 The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.
- 1.3 The licensing objectives are:
- The prevention of crime and disorder;
 - Public safety;
 - The prevention of public nuisance; and
 - The protection of children from harm.
- 1.4 Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.
- 1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:
- Protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises;
 - Giving the police and licensing authorities the powers they need to effectively manage and police the night-time economy and take action against those premises that are causing problems;
 - Recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;
 - Providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area; and
 - Encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.

Licence Conditions – General Principles

- 1.16 Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate. The use of wording such as “must”, “shall” and “will”, is encouraged. Licence conditions:
- must be appropriate for the promotion of the licensing objectives;
 - must be precise and enforceable;
 - must be unambiguous and clear in what they intend to achieve;
 - should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation;
 - must be tailored to the individual type, location and characteristics of the premises and events concerned;

- should not be standardised and may be unlawful when it cannot be demonstrated that they are appropriate for the promotion of the licensing objectives in an individual case;
- should not replicate offences set out in the 2003 Act or other legislation;
- should be proportionate, justifiable and be capable of being met, (for example, whilst beer glasses may be available in toughened glass, wine glasses may not);
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff, but may impact on the behaviour of customers in the immediate vicinity of the premises or as they enter or leave; and
- should be written in a prescriptive format.

Each application on its own merits

- 1.17 Each application must be considered on its own merits and in accordance with the licensing authority's statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder.

Public Safety

- 2.7 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.

- 2.8 A number of matters should be considered in relation to public safety. These may include:

- Fire safety;
- Ensuring appropriate access for emergency services such as ambulances;
- Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts;
- Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
- Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);
- Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
- Ensuring appropriate limits on the maximum capacity of the premises and
- Considering the use of CCTV in and around the premises.

2.9 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. Applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that.

Ensuring safe departure of those using the premises

2.10 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:

- Providing information on the premises of local taxi companies who can provide safe transportation home; and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

Public nuisance

2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.

2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the

licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.

- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 15). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.
- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to

impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Protection of children from harm

- 2.22 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). Licensing authorities must also consider the need to protect children from sexual exploitation when undertaking licensing functions.
- 2.23 The Government believes that it is completely unacceptable to sell alcohol to children. Conditions relating to the access of children where alcohol is sold and which are appropriate to protect them from harm should be carefully considered. Moreover, conditions restricting the access of children to premises should be strongly considered in circumstances where:
- adult entertainment is provided;
 - a member or members of the current management have been convicted for serving alcohol to minors or with a reputation for allowing underage drinking (other than in the context of the exemption in the 2003 Act relating to 16 and 17 year olds consuming beer, wine and cider when accompanied by an adult during a table meal);
 - it is known that unaccompanied children have been allowed access;
 - there is a known association with drug taking or dealing; or
 - in some cases, the premises are used exclusively or primarily for the sale of alcohol for consumption on the premises.
- 2.24 It is also possible that activities, such as adult entertainment, may take place at certain times on premises but not at other times. For example, premises may operate as a café bar during the day providing meals for families but also provide entertainment with a sexual content after 8.00pm. It is not possible to give an exhaustive list of what amounts to entertainment or services of an adult or sexual nature. Applicants, responsible Revised Guidance issued under section 182 of the Licensing Act 2003 | 11 authorities and licensing authorities will need to consider this point carefully. This would broadly include topless bar staff, striptease, lap-, table- or pole-dancing, performances involving feigned violence or horrific incidents, feigned or actual sexual acts or fetishism, or entertainment involving strong and offensive language.
- 2.25 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising

relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.

- 2.26 Licensing authorities and responsible authorities should expect applicants, when preparing an operating schedule or club operating schedule, to set out the steps to be taken to protect children from harm when on the premises.
- 2.27 Conditions, where they are appropriate, should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions relating to the protection of children from harm can include: • restrictions on the hours when children may be present; • restrictions or exclusions on the presence of children under certain ages when particular specified activities are taking place; • restrictions on the parts of the premises to which children may have access; • age restrictions (below 18); • restrictions or exclusions when certain activities are taking place; • requirements for an accompanying adult (including for example, a combination of requirements which provide that children under a particular age must be accompanied by an adult); and • full exclusion of people under 18 from the premises when any licensable activities are taking place.

Determining Applications

- 9.1 When a licensing authority receives an application for a new premises licence or an application to vary an existing premises licence, it must determine whether the application has been made in accordance with section 17 of the 2003 Act, and in accordance with regulations made under sections 17(3) to (6), 34, 42, 54 and 55 of the 2003 Act. It must similarly determine applications for the grant of club premises certificates made in accordance with section 71 of the 2003 Act, and in accordance with regulations made under sections 71(4) to (7), 84, 91 and 92 of the 2003 Act. This means that the licensing authority must consider among other things whether the application has been properly advertised in accordance with those regulations.

Where Representations Are Made

- 9.3 Where a representation concerning the licensing objectives is made by a responsible authority about a proposed operating schedule and it is relevant, (see paragraphs 9.4 to 9.10 below) the licensing authority's discretion will be engaged. It will also be engaged if another person makes relevant representations to the licensing authority, which are also not frivolous or vexatious (see paragraphs 9.4 to 9.10 below). Relevant representations can be made in opposition to, or in support of, an application and can be made by any individual, body or business that has grounds to do so.

Relevant, vexatious and frivolous representations

- 9.4 A representation is "relevant" if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the

commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.

- 9.5 It is for the licensing authority to determine whether a representation (other than a representation from responsible authority) is frivolous or vexatious on the basis of what might ordinarily be considered to be vexatious or frivolous. A representation may be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause or justification. Vexatious circumstances may arise because of disputes between rival businesses and local knowledge will therefore be invaluable in considering such matters. Licensing authorities can consider the main effect of the representation, and whether any inconvenience or expense caused by it could reasonably be considered to be proportionate.
- 9.6 Frivolous representations would be essentially categorised by a lack of seriousness. Frivolous representations would concern issues which, at most, are minor and in relation to which no remedial steps would be warranted or proportionate.
- 9.7 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the local authority's corporate complaints procedure. A person may also challenge the authority's decision by way of judicial review.
- 9.8 Licensing authorities should not take decisions about whether representations are frivolous, vexatious or relevant to the licensing objectives on the basis of any political judgement. This may be difficult for councillors who receive complaints from residents within their own wards. If consideration is not to be delegated, contrary to the recommendation in this Guidance, an assessment should be prepared by officials for consideration by the sub-committee before any decision is taken that necessitates a hearing. Any councillor who considers that their own interests are such that they are unable to consider the matter independently should disqualify themselves.
- 9.9 It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.

Disclosure of personal details of persons making representations

- 9.26 Where a notice of a hearing is given to an applicant, the licensing authority is required under the Licensing Act 2003 (Hearings) Regulations 2005 to provide the applicant with copies of the relevant representations that have been made.

Hearings

- 9.37 As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation.
- 9.38 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to:
- the steps that are appropriate to promote the licensing objectives;
 - the representations (including supporting information) presented by all the parties;
 - this Guidance;
 - its own statement of licensing policy.
- 9.39 The licensing authority should give its decision within five working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to such conditions that are consistent with the operating schedule. Any conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety. Any conditions added to the licence must be those imposed at the hearing or those agreed when a hearing has not been necessary.
- 9.40 Alternatively, the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities. In the interests of transparency, the licensing authority should publish hearings procedures in full on its website to ensure that those involved have the most current information.

Determining Actions that are Appropriate for the Promotion of the Licensing Objectives

- 9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.
- 9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.
- 9.44 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.

Proposed conditions

- 10.4 The conditions that are appropriate for the promotion of the licensing objectives should emerge initially from the risk assessment carried out by a prospective licence or certificate holder, which they should carry out before making their application for a premises licence or club premises certificate. This would be translated into the steps recorded in the operating schedule or club operating schedule, which must also set out the proposed hours during which licensable activities will be conducted and any other hours during which the premises will be open to the public.
- 10.5 It is not acceptable for licensing authorities to simply replicate the wording from an applicant's operating schedule. A condition should be interpreted in accordance with the applicant's intention.

Imposed Conditions

- 10.8 The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied as a result of a hearing (unless all

parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.

- 10.9 It is possible that, in certain cases, where there are other legislative provisions which are relevant and must be observed by the applicant, no additional conditions are appropriate to promote the licensing objectives.

Proportionality

- 10.10 The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case by case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessel or identity scanners where they would not be appropriate to the specific premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

The need for licensed premises

- 14.19 There can be confusion about the difference between the “need” for premises and the “cumulative impact” of premises on the licensing objectives, for example, on crime and disorder. “Need” concerns the commercial demand for another pub or restaurant or hotel and is a matter for the planning authority and for the market. This is not a matter for a licensing authority in discharging its licensing functions or for its statement of licensing policy.

Determination

12. Having regard to the representations received, the Licensing Sub-Committee are requested to consider the application, this report and take such steps as it considers appropriate for the promotion of the licensing objectives. These steps are:

- a) To grant the application under the terms and conditions applied;
- b) To grant the application with conditions that the Sub-Committee considers appropriate for the promotion of the licensing objectives;
- c) To reject all or part of the application.

13. The Sub-Committee are reminded that full reasons for their decision must be given as both the applicant and persons making representations have a right of appeal against that decision to the Magistrates’ Court.

The campsite is open for 28 weeks (end of March to beginning of October) every year. Most of the live entertainment will take place indoors. We usually plan to have between 3 and 5 weekends a season where we intend to have outdoor live entertainment (subject to weather). We do not have live entertainment every week/weekend on site. Within the 28 week season we have on average 10

weekends where we have live entertainment.

We only use the clubhouse whilst the site is open for the camping season (28 weeks end of Mar to beginning of October). Most of the provision for playing recorded music will be a disco/karaoke night indoors on a Friday and/or Saturday night each week that the site is open. The majority of the time that recorded music will be played outside is when we have live entertainment outdoors (3-5 events a

season). If an outdoor disco is held as a stand alone event, without live entertainment the finish time of the disco/provision of recorded music will never be later than 22:00.

General - List here the steps you will take to promote all four of the licensing objectives

Nothing beyond the existing insurance and health and safety requirements.

The prevention of crime and disorder

All visitors to our caravan and campsite must pre-book before arriving at the site. Prior to arrival, we obtain name, address, telephone and email address (where applicable) for our own records and to comply with our insurance requirements. No one is allowed entry to the site who has not pre-booked or provided the relevant personal information. Anyone on site is made aware that their personal details will be passed onto the relevant authority in the event that they carry out any illegal or criminal activity.

Public safety

The only vehicular access to the campsite is through electric security gates, which can only be opened from inside the site or by a keyfob remote which are sold to members of the club only, or by a member of the site management team. The 2 pedestrian access gates have a pushbutton coded entry lock system. Both vehicular and pedestrian access gates are covered by CCTV. This also covers the private roadway at the end of Green End. We also have CCTV signs on show outside the site. We have firepoints, fire buckets, fire extinguishers. There is also a fire alarm system in the clubhouse. Mr Paul Simpson is our designated Fire officer. Stephen Carter (ex Navy) & Miss Jane Carter (ex police) are our first aiders on site. We have a permanent on site manager (Mr John Jackson) who oversees all entertainment and general activity on site.

The prevention of public nuisance

As any attendee of any of our events must be staying on site at the time and must have pre-booked onto site, no nuisance should be caused to the local area or residents by the attendees leaving the site at the end of the event. We have our own noise recording equipment to ensure that any noise from events can be recorded and kept at a level so as to not cause nuisance to any neighbouring properties in the area. Our campsite is remotely positioned, with the nearest neighbouring property that does not belong to the owners of the site, is at least half a mile away.

The protection of children from harm

All members and visitors to site, have to sign a declaration that they have been provided with a set of the site rules and that they are not registered on any National Database involving the Protection of children or vulnerable adults. Miss

Jane Carter (ex police service) is the Designated Child Protection Officer on our campsite.

**Re: Music Licence Application No 21/00495/LA PRE
for Croft Country Club (Stephen Carter)**

Dear Sirs

We understand from neighbours that Croft Country Club have applied for an all day external music licence for live music at weekends and recorded music all week.

We wish to express, in the strongest possible terms, our objection to the issuing of such a licence. The nature of the terrain around the area ie flat land with very few trees means that the music that is played outside on the site travels for miles in all directions. It is a public nuisance of the most insidious sort and we understand that the council received complaints when this happened in May.

We own a holiday cabin in a neighbouring area, the Alders, and when we bought it a few years ago it was a wonderful quiet and peaceful location. Whilst we appreciate that COVID-19 has changed everything just now, when the first outside music was played some weeks ago we were horrified by the noise it made and how clearly we could hear it some 100yds away. If this were allowed to continue even just at weekends then it would render our holiday home unusable from our point of view. We bought the cabin originally as we both have medical conditions that require us to take regular relaxation breaks and after the appalling noise that was made on the campsite a few weeks ago (that we understand was complained about from as far away as Three Holes) we haven't been back. If that doesn't constitute a public nuisance then we don't know what would.

The campsite is open to children as well as adults and to be granting a licence for external music until 1am has to present a safeguarding issue for children. As an ex-teacher I consider this alone to be a valid reason for rejecting the application.

We await your decision but implore you to consider this application seriously as it will have significant very serious negative implications for all the communities around.

Yours faithfully

Good afternoon

Regarding the application for live music-Croft country club, I strenuously disagree that they should be allowed to play music that late. Whilst they have played very loud music occasionally upto early evening, that's not so bad, but upto 11pm/12am or 1am is outrageous as I do not wish to hear their music until that time. This is a quiet area and while I understand their business activities, it should factor in the local residents and how they feel about quite frankly spoiling their evenings. You can generally hear every word the lead singer says between singing its very loud indeed. Please reject this application for the late night entertainment. Kind regards [Redacted]

MR STEPHEN CARTER.

My husband and I are hoping you do not agree to grant the licence for the entertainment of music. We have already had the discomfort and experience of the loud music coming across the back field to our home, which is very annoying and goes on all day long. With the hours they propose we would not be able to get to sleep at night and have to keep windows closed. We are elderly pensioners and would like to keep the peace and quiet we enjoy in our later life.

Yours sincerely,

Good Morning [Redacted]

We know that Croft Country Club has applied for an entertainment license. We wanted to contact you to show our support as members of Croft. Croft has provided a haven for many over the last two seasons with safe restrictions in place and entertainment outside on weekends, for many it has given a lot people something to look forward to. The entertainment has started in an afternoon with it ending early evening the one exception to that was a weekend of entertainment which raised a good deal of money for Alzheimer's society. As a club most members shop locally and visit the local restaurants and bars while we are there. The main attraction of the club is the entertainment for ourselves and I know a lot of people share this view.

We hope you will be able to grant the proper licenses etc for this club to provide all it has in previous years Sincerely [Redacted]

Dear Sir /Madam

My wife and I have been coming to the Croft Country Club for more than 15 years now, as have many others of their clients . The entertainment has been very much a part of the reason for coming.

In “normal” years the music provided is mostly indoors with the exception of one outdoor event at the end of June. Obviously in the last two years things have been a little different and there has been a little more outdoor entertainment due to the various restrictions. My understanding is that as soon as things return to normal the entertainment programme will also return to mostly indoors.

We travel a considerable distance to be here and feel that we contribute to the wider local economy, using local shops and stores along with other leisure facilities such as local pubs and restaurants.

I feel that Croft customers in general contribute greatly to the local economy and being here for a lengthy time I have not known any previous complaints about the site. It is also worth noting that Croft via its visitors contribute to many local and national charities each year and this has always been welcomed.

My wife and I fully support Croft as a successful tourist venue and for it to carry on in the future as it has in the past, and to be an asset to the local Norfolk tourist industry.

I hope we have been able to convey our enthusiasm and affection for Croft and like many of our friends here will, like the rest of the country, hope, for Croft be able to “resume normal service” as soon as possible.

Thank you for reading our email

To whom it may concern

My husband and I have been visiting croft country club for 8 years, doing an 8 mile round trip to get here. The site is second to none. The entertainment once a week is usually held indoors, but due to current restrictions has been held outdoors. Everyone on site has always enjoyed this and people living close by who were once members, had no complaints and danced the night away with everyone else. People on croft as well as ourselves contribute to the local community using shops restaurants etc. Croft also supports local and national charities via members and visitors. Croft is a site that we will recommend to anybody. My husband and i will continue to be members and hope that the problem can be resolved and normal service can resume.

Subject: Re the application for Music licence at Croft country club

Dear sirs

I write in support of the Indoor and outdoor music Licence Application being granted for Croft Country Club, Greenend, Lotts Bridge, Three Holes, Wisbech, PE149JD.

I would like to put forward the following reasoning I believe the licence should be granted and these are as follows.

(1)

The club is a very social based club and lives and dies on support from many members and visitors & even local people.

Music and dancing is a very key part of the survival of this club.

(2)

As a fair share of members & visitors come from outside the area they in turn bring much needed support to local businesses which generates much needed jobs in local pubs, restaurant's, bakeries, butchers, farm shops, convenience stores and many more.

(3)

The Club has been very successfully operating for many many years now without any problems or complaints.

(4)

The clubs events generates much needed money for local and national charities and without these events this support would disappear.

(5)

The Pandemic has had a catastrophic effect & halted live acts businesses which Croft can help recover given the licences

Hoping you see your way clear of approving the application as we have all been through a lot in the past 18 months and I personally would like to help local businesses and music acts get back on their feet and grow there business to pull us through this horrid pandemic

Many thanks

Best Regards

Dear Sir/Madam,

Croft Country Club, Greenend, Lotts Bridge, Three Holes, Wisbech, PE14 9JD.

With reference to the above application, it would be appreciated by all the members of Croft, that truth should be the most important criterion in issuing the licence.

It is an unfortunate situation that a certain few people are trying to spoil the legitimate enjoyment of a large group of people. Their tactics include spreading untruths and bad feeling. Croft Country Club is a fantastic place to enjoy the company of like-minded friends and families. The organisers work hard to ensure we are all safe and there is a wonderful sense of camaraderie and support that you would be hard pushed to find in many other social arenas.

Please bear the above in mind when processing the application and we all hope the outcome will be a positive one.

Yours faithfully,

Dear sirs.,

We write in support of the above application.

Croft Country Club is a well established business offering a beautiful site that is enjoyed by both visitors and annual "members" alike.

The management have traditionally offered entertainment during the open season that, in general takes place in the clubhouse.

As a result of COVID in order to safeguard staff and customers the entertainment has to be provided outside and we understand that the licence applied for will ensure that a reduced level of entertainment can take place until the club closes at the end of September.

We very much hope that the licence will be granted and we are certain that the management of the site will ensure that every effort will be taken to minimise any disturbance to local residents.

Kind regards

To whom it may concern,

I am writing to support the application for a new entertainment license by Croft Country Club. I have been a member of the club for 15 years and have thoroughly enjoyed the entertainment provided by the club in the clubhouse. The Covid pandemic has meant we need to be outdoors to provide a safe environment. In the 15 years I have been a member the club has been respectful and considerate to any nuisance and noise which may affect their neighbours and it's members and visitors have enjoyed the level of entertainment you would expect at a moderately sized holiday park.

I strongly believe that the current application is a fair and reasonable licence which does not have any significant noise or nuisance and would be well within acceptable limits required by the licensing authority. As a former Chair of planning at Brixworth Council I have had to consider many applications of this type and I can see no reason why approval would not be granted. I hope you find my observations helpful and that the Council approves this application.

Best regards

With reference to the entertainment license for Croft Country Club.

I understand there has been some negative feedback towards Crofts license of which we strongly disagree

Sirs,

We understand that Croft Country Club are in the process of applying for a new music licence to cover both outside and inside events.

Having been regular visitors to Croft for over 15 years, we whole heartedly support this application. Any events put on by the Club are professionally run, support local businesses and raise funds for charities.

There has always been a good atmosphere at the events, with no behaviour that could be classed as 'out of order' , and no 'inappropriate' artists.

We hope that they are successful in their application.

Subject: Premises Licence/Entertainment at Croft Country Club

Dear EH Licensing

My partner, Rich and I have recently become private members of the above club situated just off Green End, Halfpenny Toll Road, Three Holes, Wisbech, PE14 9JD since April this year.

I have to say it is a lovely, friendly and welcoming site that is looked after superbly. It is a very private caravan site tucked out of the way in the middle of nowhere and without any adjoining neighbours that I am aware of. Most people keep themselves to themselves and we can enjoy the peaceful, quiet nature of the surrounding countryside without any trouble or bother.

Unfortunately, due to covid, the Clubhouse has been out of bounds to us all and occasionally on a weekend the manager will put on a disco for us all to enjoy outside on a stage which finishes about 9 -10 pm, no later. This is a very welcome and well supported evening function. As I am quite elderly I would like to point out that the music played is not very loud at all. Most of us on site are elderly and enjoy the quiet life but it is rather nice to enjoy a dance on the occasional weekend. I am sure the volume levels are well within the legal decibel meter readings as we can all here ourselves talking.

Members are extremely respectful and mindful of others and it would be of extreme sadness if the evening entertainment cannot carry on. We both love this site and the fact that it is within an hour of our home address makes it a favourite place for us to head as often as we can. I suspect that it may well be a case of sour grapes from possibly ex members that has caused the suspension of our 'entertainment' and we would love to see the application made by Croft Country Club fully supported and back in place as soon as possible. There are very few weeks of possibly nice warm weather left for this season and it would be fantastic to see the 'discos' and quizzes back on again without any further delay.

If you could possibly update me on the application process and provide some guidance/timeline as to how soon the 'entertainment' can return for our enjoyment (and that of everyone else on the site) I would be extremely grateful. Or indeed, is there anything else we can do to assist with the process, then please advise.

Many thanks, I look forward to hearing from you.

Regards

Dear Sirs

We wish to support Croft Country Club in their application for the music license

Our business is Lode Hall Country Park, another Holiday Park in Three Holes and we realise the value of tourism in West Norfolk

Croft, along with ourselves, attracts many holiday makers into the district who spend money in local shops, pubs and restaurants.

Coming out of the various lockdowns it is vital for all local businesses that our holiday parks are well supported

Croft have a long history of providing entertainment for their guests and need the music license to continue to do so

These are uncertain times and local business need as much support as possible

To whom this may concern.

I am writing to support the above venue for getting a music/entertainment licence. This is a small family run business, whom have always considered neighbours when putting on some live entertainment, as a member of The Croft Country Club we have always been able to have music, or live entertainment, I would hate to see a business not to survive because of one petty minded person. The managers of The Croft have said that the local people have no issues with The Croft having live entertainment some weekends which is usually on a Saturday as they have already visited the people in the local area, no one seemed to object.

May I ask that you consider this carefully as it could mean a lot of local business suffer if The Country Club could not continue as they have previously.

Yours Sincerely

Subject: Entertainment Licence for Croft Country Club

Good afternoon

We would like to offer our support to croft Country Club, with regard to their request for a music/entertainment licence - sorry we are not sure on the actual wording for this licence.

We have been very sad to hear that former members are staging a protest against the issue of the said licence.

The former members who are making allegations against Croft, were a couple that partook in every aspect of Croft life, as in joining in any of the music events, fancy dress, quizzes, also they helped to arranging charity fund raising events and so much more.

We feel it is very unfair that one couple are trying to spoil things at a beautiful country caravan park for every member and visitor because they are no longer members!
We have been members at Croft for 6 years and have our own caravan sited here.
Its a place for us to relax, bring the family, and take part in any of the events happening.
We also would like it noted that when we are staying at Croft, we shop local, and take great pleasure in being able to buy local produce, especially the lovely new potatoes which the farm shops sell!

We do hope that Croft can have their licence granted, as without this the club would not have the same atmosphere.

Yours sincerely

Dear Sirs, my wife and I are members of Croft Country Club and strongly support the provision of a new Music Licence. The last couple of years have been very difficult for the Club due to Covid-19 and this has meant more music has been provided in the open, rather than in the clubhouse. The venue is a very popular one for a good number of persons and music and dancing are very nice to have at the weekend. The Club Management are always mindful of the need not to cause a disturbance to any neighbours and, in our opinion, have managed the situation exceptionally well.

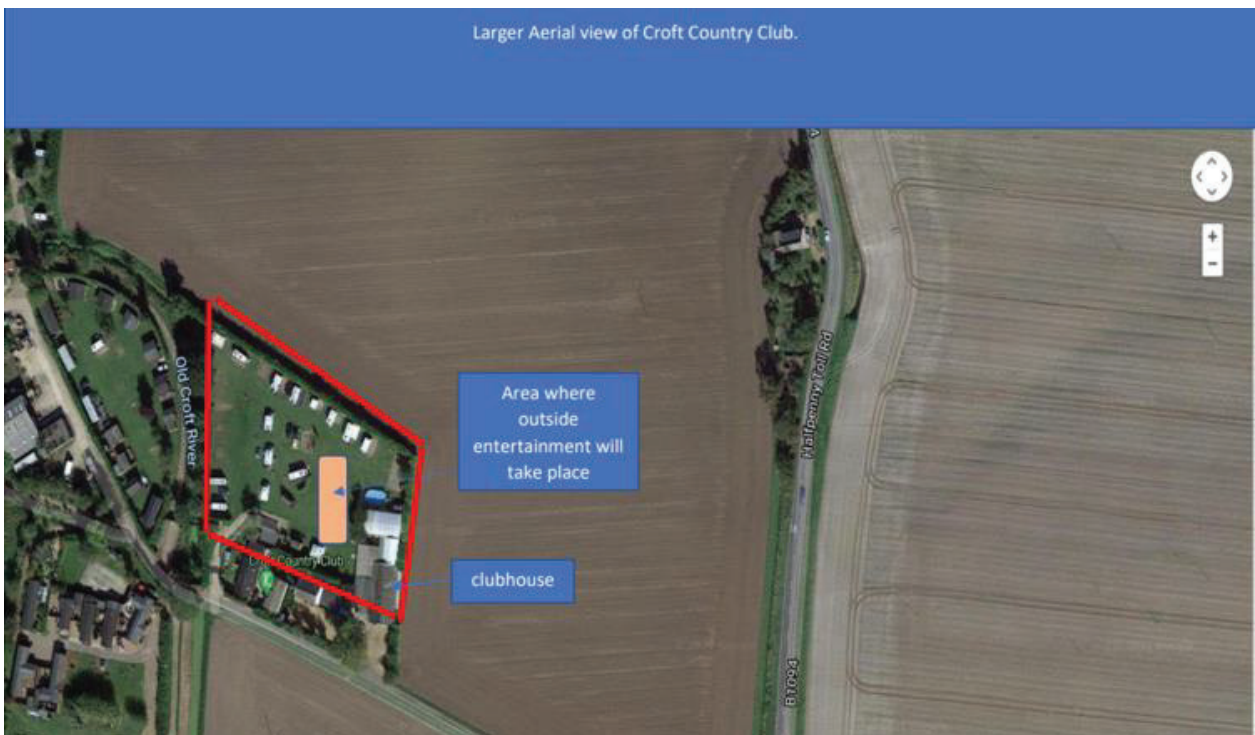

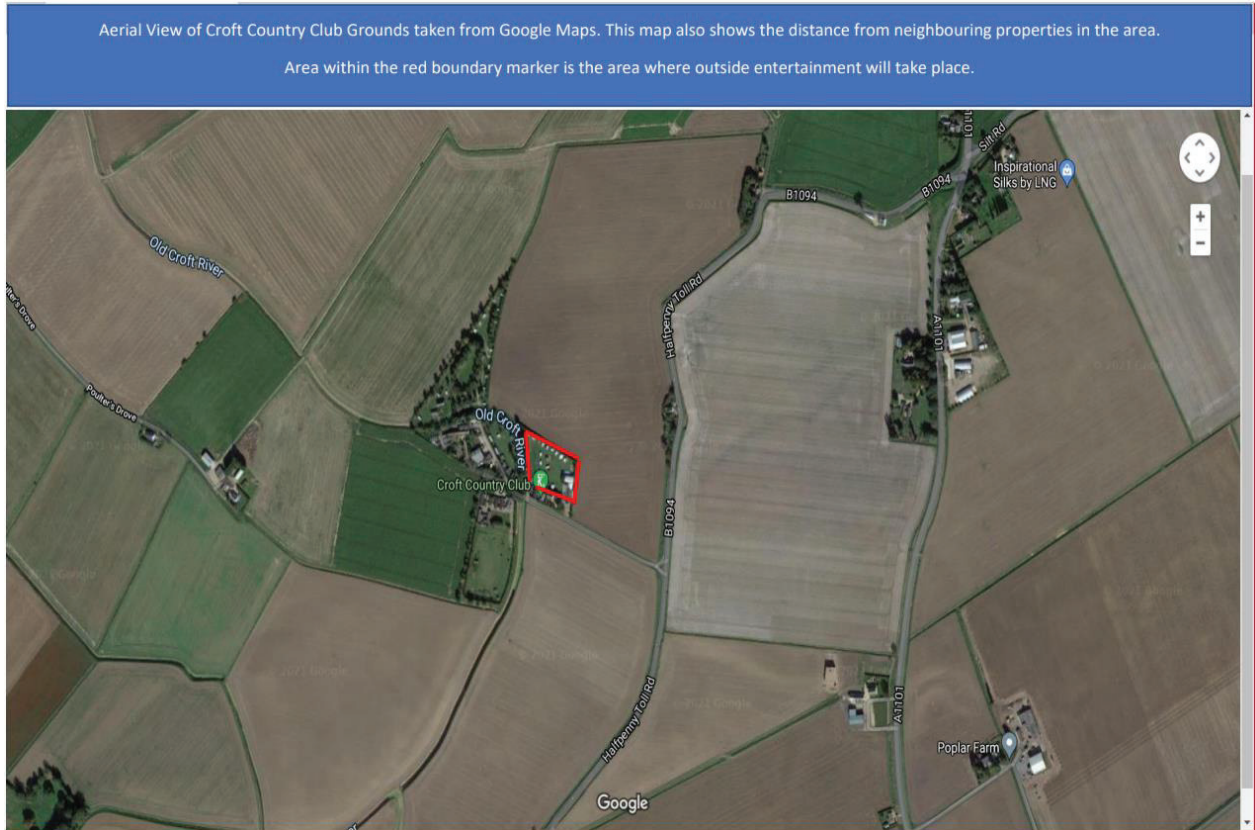

We do hope you will take our comments into consideration and grant this licence.

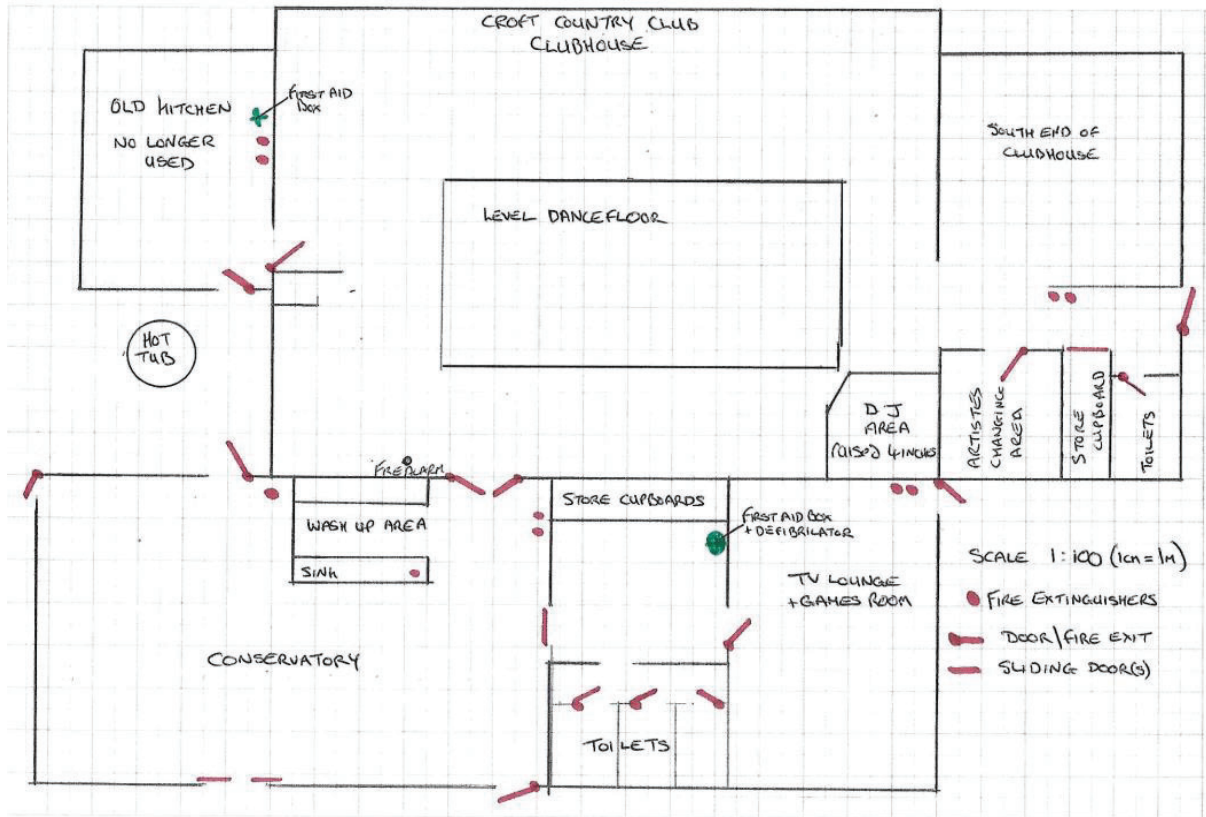

Yours faithfully,
