CIL DRAFT Governance and Spending_2023

1 Introduction

1.0.1 The Borough Council of King's Lynn and West Norfolk approved the introduction of the Community Infrastructure Levy (CIL) in December 2016 and started charging on 15 February 2017.

1.0.2 CIL is paid to the Borough Council by developers after their planning permissions are implemented.

1.0.3 CIL is governed by the CIL Regulations 2010 (amended). In the Borough of King's Lynn and West Norfolk, CIL is charged on all residential and retail developments, which add one or more new dwelling(s) or more than 100sqm of floor space.

1.0.4 CIL is charged at a rate per square metre and varies according to land use.

1.0.5 CIL is just one funding stream that can be used, in conjunction with others, to fund infrastructure projects. Alongside CIL, S106 obligations will still exist, but generally as one-off agreements to mitigate the impacts of larger developments and to secure on-site developer requirements, such as the provision of affordable housing. Examples of how infrastructure projects can be funded can be seen in Figure 1.

Figure 1 - Funding Streams

1.0.6 This document details the governance arrangements in place at the Borough Council of King's Lynn and West Norfolk, for the allocation and spending of CIL.

1.0.7 The original parameters for the governance arrangements of CIL were agreed at Cabinet on 17 August 2020.

1.0.8 The governance arrangements will be reviewed on an annual basis, to meet the Corporate Objectives and Priorities, by Cabinet.

CIL DRAFT Governance and Spending_2023

1.0.9 This document is based on the 7 'Appendix 1 - CIL Annual List of Infrastructure Projects' and is applicable for the financial year 2023/2024

1.0.10 The spending priorities (as aligned to the Corporate Business Plan) will be reviewed on an annual basis.

1.1 Statutory Requirements

1.1.1 Under CIL, the Borough Council will act as the designated Charging Authority.

1.1.2 As a Charging Authority the Council has an obligation to:

- Prepare and publish the CIL Charging Schedule
- Determine CIL spend, ensuring it is used to fund the provision, improvement, replacement, operation or maintenance of infrastructure to support development of its area
- Report on the amount of CIL revenue collected, spent and retained each year.

1.1.3 The Council are required under [The Community Infrastructure Levy \(Amendment\) \(England\) \(No. 2\) Regulations 2019](#), to produce a statement of the infrastructure projects or types of infrastructure which the Council intends will be, or may be, wholly or partly funded by CIL.

1.1.4 This is referred to as the Community Infrastructure Levy List of Infrastructure Projects and replaces the Regulation 123 list (R123 list).

1.1.5 CIL money collected may only be allocated to and spent on these types of infrastructure.

1.1.6 The Borough Council's Annual List of Infrastructure Projects and Annual Infrastructure Funding Statement detailing CIL receipts, balances and expenditure for each financial year can be found on the Council's CIL webpages at https://www.west-norfolk.gov.uk/homepage/276/cil_financial_reports.

1.2 What can CIL be spent on

1.2.1 CIL Regulations set the context for the spending of CIL funds on infrastructure. The regulations encourage the accumulation of CIL funds into a 'pot'.

1.2.2 Unlike other obligations or charges, CIL spending does not need to be directly related to the donor development and can address infrastructure needs in general across the Borough Council's administrative area.

1.2.3 The key points set out by the CIL Regulations and Guidance relating to CIL funding are:

CIL DRAFT Governance and Spending_2023

- **CIL should be spent on infrastructure including: roads and other transport, schools and other education, community facilities, health, sport / recreation and open spaces**
- **The infrastructure funded must support the development of the area**
- **CIL can be used to increase the capacity of existing infrastructure or to repair failing infrastructure, if needed to support development**
- CIL and Section 106 should not be secured to fund the same infrastructure project e.g. Social/Affordable Housing

1.2.4 As per the CIL Regulations and Guidance, CIL is proportioned and allocated using the following approach:

- 5% is retained by the Borough Council of King's Lynn and West Norfolk to cover administrative costs (including consultation on the levy charging schedule, enforcing CIL, legal costs and reporting on CIL activity)
- 15%, known as the Neighbourhood Allocation, is established for spending within the neighbourhood of contributing development (up to a maximum of £100 per existing Council Tax dwelling). This allocation can either be transferred to the relevant Parish Council or retained by the Borough Council to be spent on neighbourhood projects where the development is not in a Parish. This allocation rises to 25% when a Parish has a Neighbourhood Plan in place.
- 80%, known as the CIL Infrastructure Fund, is retained by the Borough Council, to allocate to projects in accordance with the Council's Infrastructure List, which is reviewed annually, and in line with the agreed CIL Governance arrangements.

For example:

If £1,000 is received it would be distributed as follows:

- Where 1% = £10
- 5% Admin = £50
- 15% (without Neighbourhood Plan) = £150 **or** 25% (with Neighbourhood Plan) Parish Payment = £250
- the remaining sum is placed in the CIL Infrastructure fund 80% = £800 or 70% (with Neighbourhood Plan) = £700

It is very unlikely that CIL will generate enough funds to completely cover the cost of new infrastructure needed to fully support planned development. As such, there will be competing demands for this funding. With this in mind, it is important to ensure that there are robust, accountable and democratic structures in place to ensure the spending of CIL funds are prioritised in the right way.

1.2.5 The sections that follow set out the Governance Arrangements and approach for how decisions are made on the prioritisation and spend of the CIL Infrastructure Fund.

CIL DRAFT Governance and Spending_2023

2 Governance Arrangements

2.0.1 The CIL Infrastructure Fund has been separated into 2 specific project types, to enable the funding to meet wider borough infrastructure requirements and also to support local community needs.

2.0.2 The estimated annual income of CIL is 1 million pounds which would be split as follows;

Infrastructure Projects over £30,001

- These are projects which require the most amount of CIL funding
- **The Infrastructure Projects will be in excess of £30,001 and be fully match funded**
- Longer term projects

Infrastructure Projects up to £30,000

- These are projects which will meet the needs of Parishes and Wards, to fund smaller local projects **between £2,000 and £30,000**
- It is expected that there will be an element of match funding for these projects.
- Short to Mid term projects which must be completed within 5 years.

2.0.3 In order to aid the organisation, checking and decision making, the Borough Council has set up a CIL Spending Panel.

CIL Spending Panel

2.0.4 The CIL Spending Panel is formed from elected Councillors and assisted by Officers and reports to the BCKLWN Management Team and Cabinet.

2.0.5 The CIL Spending Panel:

- reviews the funding applications received
- makes recommendations for suitable project spending
- monitors project spend and progress.

The Spending Panel have the ability to transfer funds within the project groups, up to a maximum of 10% of the available CIL Funding available.

Criteria for Funding Selection

2.0.6 The Spending Panel will review each application and base their decision on the following:

CIL DRAFT Governance and Spending_2023

2.0.7 Project Scoring

2.0.8 filter the projects based on BC Officers scoring

2.0.9 prioritise the projects with the highest scoring;

2.0.10 When there are more project applications, than CIL Funding available, the Spending Panel will take into consideration:

the amount of development in the relevant area - based on planning application history - to identify need for infrastructure

the amount of CIL Funding already received relating to the area and/or project - to allow funding to be allocated to areas with less funding

2.0.11 CIL Fund Transfers

2.0.12 Each project group is allocated a percentage of the CIL Income, as identified within this Governance document.

2.0.13 There may be occasions when funding applications exceed the amount of funding available. An over subscription may relate to only 1 project group or to all project groups.

2.0.14 The Spending Panel will review the funding needs, taking into account the funding allocated to all project groups.

2.0.15 When there is not enough CIL funding within a project group to meet the application submissions, the Spending Panel may agree to transfer funding of up to 10% from a different project group with less need, based on the considerations listed above.

2.0.16 The Panels role in the Governance Framework, is shown in Appendix 2 - 8 'Appendix 2 - CIL Governance Framework'

2.0.17 The current list of eligible spending is detailed in sections 4 and 5. These may change in subsequent years.

2.0.18 Cabinet will review and decide on amended priorities, as appropriate, on an annual basis.

3 Applying for CIL funds

3.0.1 Annually, the Borough Council will publicise the amount of CIL funding collected.

3.0.2 The Council will encourage the submission of Expression of Interest Forms, requesting CIL funding.

CIL DRAFT Governance and Spending_2023

3.0.3 Key internal and external stakeholders responsible for delivering the infrastructure identified in the Council's Infrastructure List will receive direct notification of the opportunity to request CIL funding.

3.0.4 The stakeholders automatically notified will be:

- Internal Departments within BCKLWN
- Norfolk County Council
- Parish and Town Councils within the Borough
- All BCKLWN Councillors

3.0.5 Information about the opportunity will also be available on the Council's website.

3.0.6 The allocation of these funds will be made through an 'Expression of Interest' process.

3.0.7 A diagrammatic summary of the governance framework for CIL is set out in Appendix 1, which shows the spending and reporting arrangements that are in place.

3.0.8 Expression of Interests will be made on a standard online template, issued by the Borough Council.

3.0.9 The application form will request key information about the project, including:

- Description and details of the project
- Purpose of the project and its benefit to the community
- Financial details:
 - Expected expenditure which must include:
 - summary of proposed costs
 - details of quotes, to demonstrate that the funding request has been researched
 - Amount of CIL funding requested - £
 - Details of any match funding
 - Any other supporting information e.g. Project Report and Timescales.

3.0.10 In order for a project to be considered for CIL funding, the following eligibility criteria needs to be met:

- The Application Form has been completed satisfactorily

CIL DRAFT Governance and Spending_2023

- The project **must meet at least one of the criteria**, as detailed in the Annual Infrastructure List.
- The organisation has the legal right to carry out the proposed project
- **The proposed project will not provide a financial advantage, to benefit a commercial or private business.**
- **The project is clearly defined as 'Infrastructure' as per the CIL Regulations**

It is expected that sustainability has been taken into consideration, prior to the submission of an application for CIL Funding.

Applications should not include a schedule of ongoing costs, to maintain the project, once it has been completed.

The Borough will set a timescale for the submission of applications, which will be published on our webpages.

The decision making process, as detailed in Appendix 2, will commence after the application deadline has ended, to:

- ensure that all projects are reviewed fairly and transparently
- give each project the same opportunity for funding

BCKLWN Linked Funding Applications

To ensure transparency, any application made on behalf of the BCKLWN or subsidiary organisation, will be passed to the Cabinet for scrutiny as part of the decision making process. This will apply to all funding applications from any project group.
