A grants panel meeting was held on 10 June to assess applications for capital and revenue grants which fall within the Culture, Heritage and Health Portfolio. This report details the recommendations made at this meeting by the Portfolio Holder.

The recommendations featured in this report are subject to the 'call in' procedure. When the grant decision becomes official the applicants will be notified in writing by the Norfolk Community Foundation on behalf of the Borough Council. All terms and conditions of the grants will be stated in the official offer letter.

Capital applications:

Gaywood Community Centre Management Committee

At the panel meeting in March 2019, Gaywood Community Centre Management Committee were awarded a grant of £5,281 towards the cost of insulating the hall due to inefficiencies in the heating system. However, since that time the Committee have had an electrical survey undertaken at the hall which shows some of the electrics need replacing. This has therefore taken priority over the previous planned works to the heating.

The original grant offer of £5,281 for heating will therefore be transferred to the electrical works, and supplemented with an additional £2,877 to award a total grant of £8,158, being one third of the cost of the electrical works (£24,475).

Awards over £5,000:

Docking St Mary's PCC

Funds are requested to make improvements to the Church to support a wider range of community activities including installing one accessible and one unisex toilet in the corner of the nave, connecting the foul drain to the main sewer on the main road, removing three rows of pews from the west end of the nave, moving the font forward and making good the floor with matching Victorian tiles. A Faculty from the Diocese was granted in April 2019 giving permissions for the work.

At present the Church's only toilet facility is a chemical toilet located in the burial ground. This is inconvenient and with no washing facilities, unhygienic, moreover it cannot be accessed by anyone with mobility problems.

Works are expected to cost £87,719.00 in total.

Decision: To award £10,000.00 on the condition that the full funding needed to proceed is secured

Emneth Central Hall Management Committee

The hall has benefited from various improvements in recent years including the refurbishment of the kitchen, new boiler, improvements to disabled access and the car park, and work to the flat roof and fascias – these have improved the facilities and boosted hall use.

Funds are now requested to renovate the disabled, ladies and gent's toilets, replacing all sanitary ware, flooring, wall coverings, cubicles, electrics, hand driers and accessories. The application explains the toilets are in poor condition having not been refurbished for many years. Feedback from hall users has indicated they would welcome these improvements.

The works will cost £35,062 in total.

Decision: To award £8,000.00 on the condition that the full funding needed to proceed is secured
