

West Norfolk Economic Strategy

Briefing – February 2024

Duncan Hall – Assistant Director

Jemma Curtis- Regeneration Programmes Manager

Fiona Tuck, Metro Dynamics

Borough Council of
King's Lynn &
West Norfolk

Aims & Approach

Aims & Objectives

Over the last year the Borough has also developed a new Corporate Strategy, and is currently progressing/has progressed a range of strategic projects, such as Cultural & Heritage Strategy, Car Parking Strategy and Transport Strategy but does not currently have in place a specific economic strategy that will bring together the specific strategies in a holistic, joined up way.

West Norfolk needs a compelling economic story, which draws together the opportunities which are clearly present to position its vital economic role within Norfolk and the broader region and pursue **Net Zero targets**.

Fundamental in the project will be the **development of a unifying vision** which captures the breadth and strengths of the Borough and its different economic and population characteristics, and provides an agreed position on what the Borough wants to collectively achieve that can tie together and inform future project decisions and investment planning over the **next 10 years**.

The development of the strategy is made of up **three main components**:

- **A vision**, providing a strong, shared articulation of the story of King's Lynn and West Norfolk as a Borough to date and its ambition for the future.
- **A supporting strategy**, providing a clear plan and route forward for delivering the vision – with an outcomes framework that (ideally) can see through the next 10 years (or two political terms).
- An approach to developing and **prioritising projects for investment**, through which to deliver the strategy and vision.

Context

Although West Norfolk does not have a pre-existing economic vision and strategy, there are several previous and concurrent pieces of work that connect to this project:

- Borough Council of King's Lynn and West Norfolk Corporate Strategy 2023-2027 (2023, in-house)
- King's Lynn Town Investment Plan (2021, Metro Dynamics)
- Borough Council of King's Lynn and West Norfolk UK Shared Prosperity Fund (UKSPF) Investment Plan (2022, Metro Dynamics)
- Norfolk Devolution Deal (2022, DLUHC & NCC)
- Local Plan Review
- And more...

Context: UKSPF investment priorities

A place to live, work, visit and invest

Leading as a Centre of Excellence for the Visitor Economy

- With a culture-led approach to leverage culture & heritage assets
- Positioning King's Lynn & West Norfolk as Cultural Destination
- Driving innovation & productivity in Tourism & Hospitality

Embedding approaches that are Active, Clean & Green

- With benefits for residents and local businesses
- Protecting/enhancing natural environment
- Domestic efficiency/sustainability
- Transport to get to and from work
- Business transformation and re-training

Strengthening local enterprise and innovation systems

- Sector wide, but with specific focus on sector/workforce/value chain strengths
- Food (agriculture, food processing & manufacturing, food service & retail)
- Manufacturing
- Health

Supporting people to access opportunities

- Creating better quality, higher skilled jobs across sectors
- Supporting people into employment and volunteering opportunities
- Improving skills that employers need

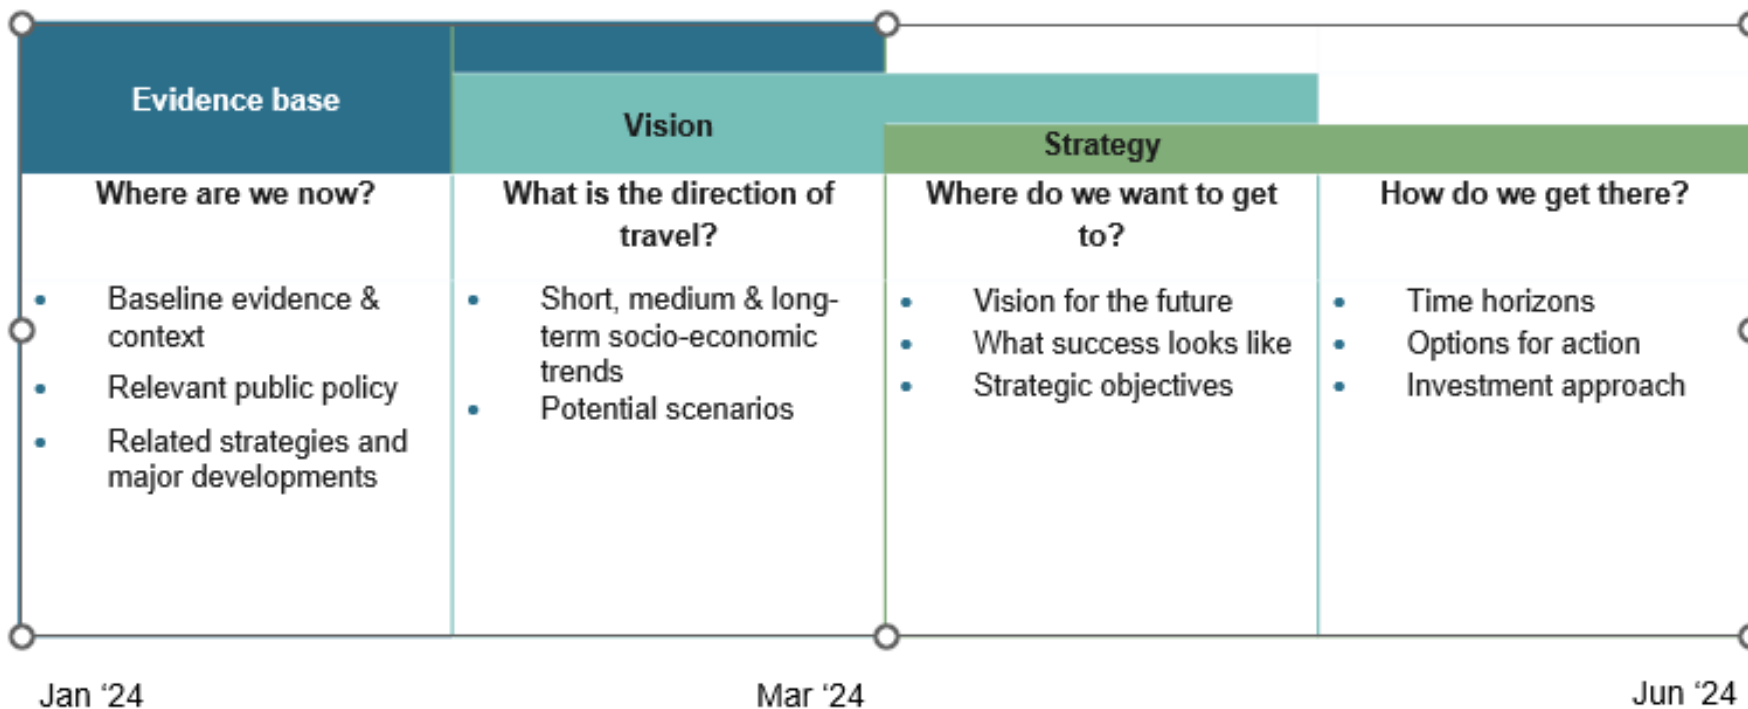

Alignment with Norfolk County Council Economic Strategy

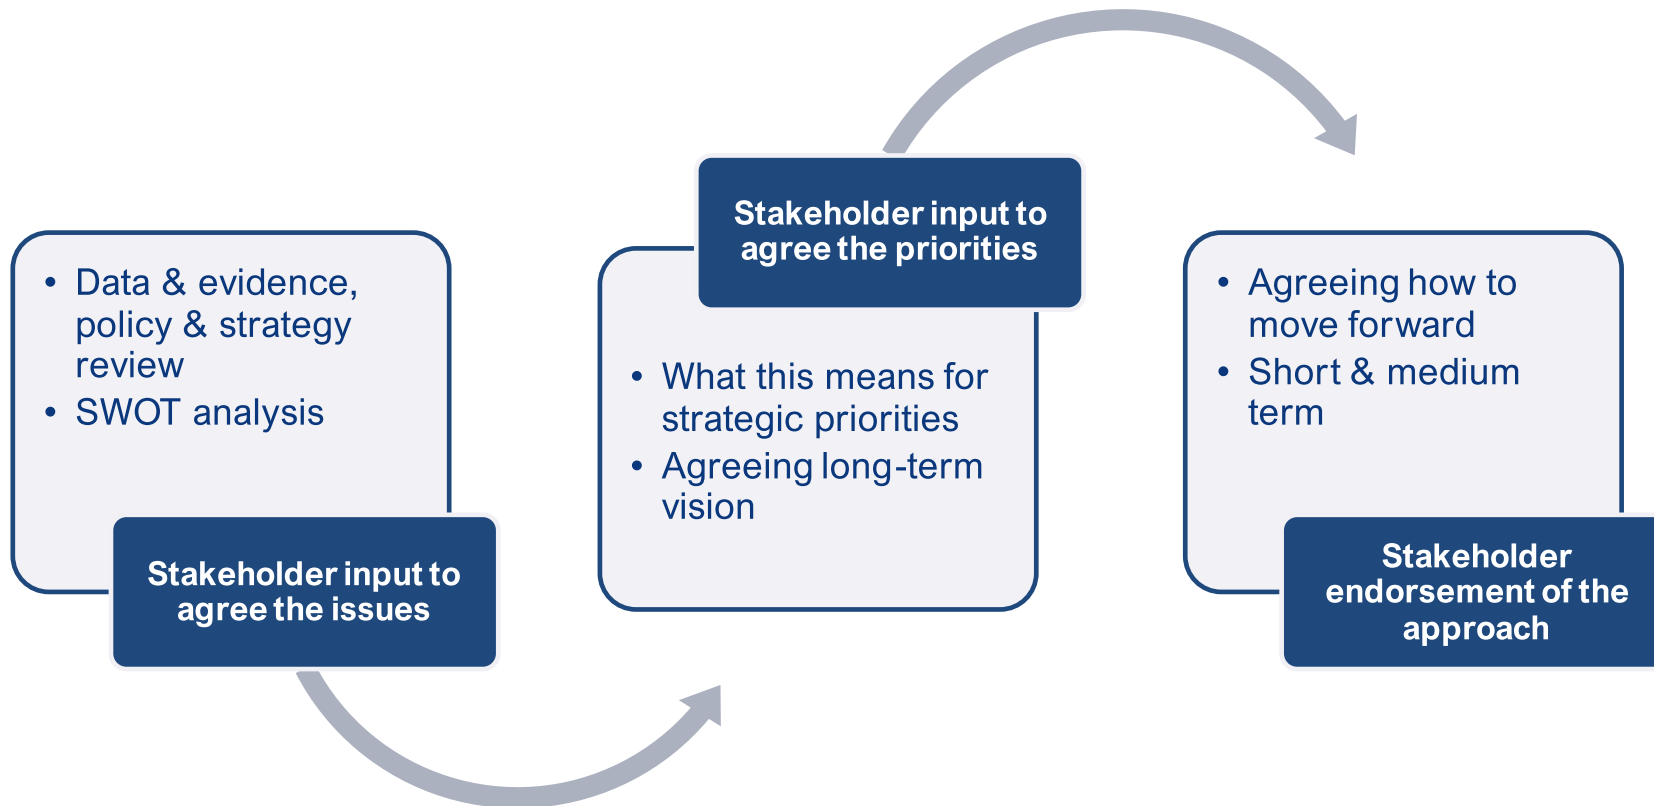

- During the same period in which the King's Lynn and West Norfolk Economy Strategy is being produced, Norfolk County Council (NCC) is also producing its own Economic Strategy, aligned to the new Devolution Deal.
- The County strategy necessarily has a broader geographical scope and is concerned *mainly* with county-wide priorities and projects which span the County geography and - crucially – are contained within its borders.
- The West Norfolk strategy will look in depth at the communities within the Local Authority area and how their priorities connect at the county level, it is also not necessarily constrained by the County boundary – recognising that it shares borders with four Counties.
- Stakeholder engagement will be co-ordinated between the two projects, ensuring that West Norfolk perspectives can influence the Norfolk strategy.
- There will also be separate, specific engagement on just the West Norfolk strategy, which will allow for greater detail. This should avoid an overly 'Norfolk generic' set of priorities dominating the West Norfolk strategy – whilst recognising that many of the priorities will be the same across the county, the solutions may not be.

Project Approach

The project will follow a 'classic' strategy development process, moving through lines of enquiry in overlapping phases as set out below, along with broad timings for each phase. The ideal is to complete the core work on vision and strategic priorities ahead of the summer break in 2024. In practice, the investment and implementation phases of the project will then be ongoing.

Involving Stakeholders

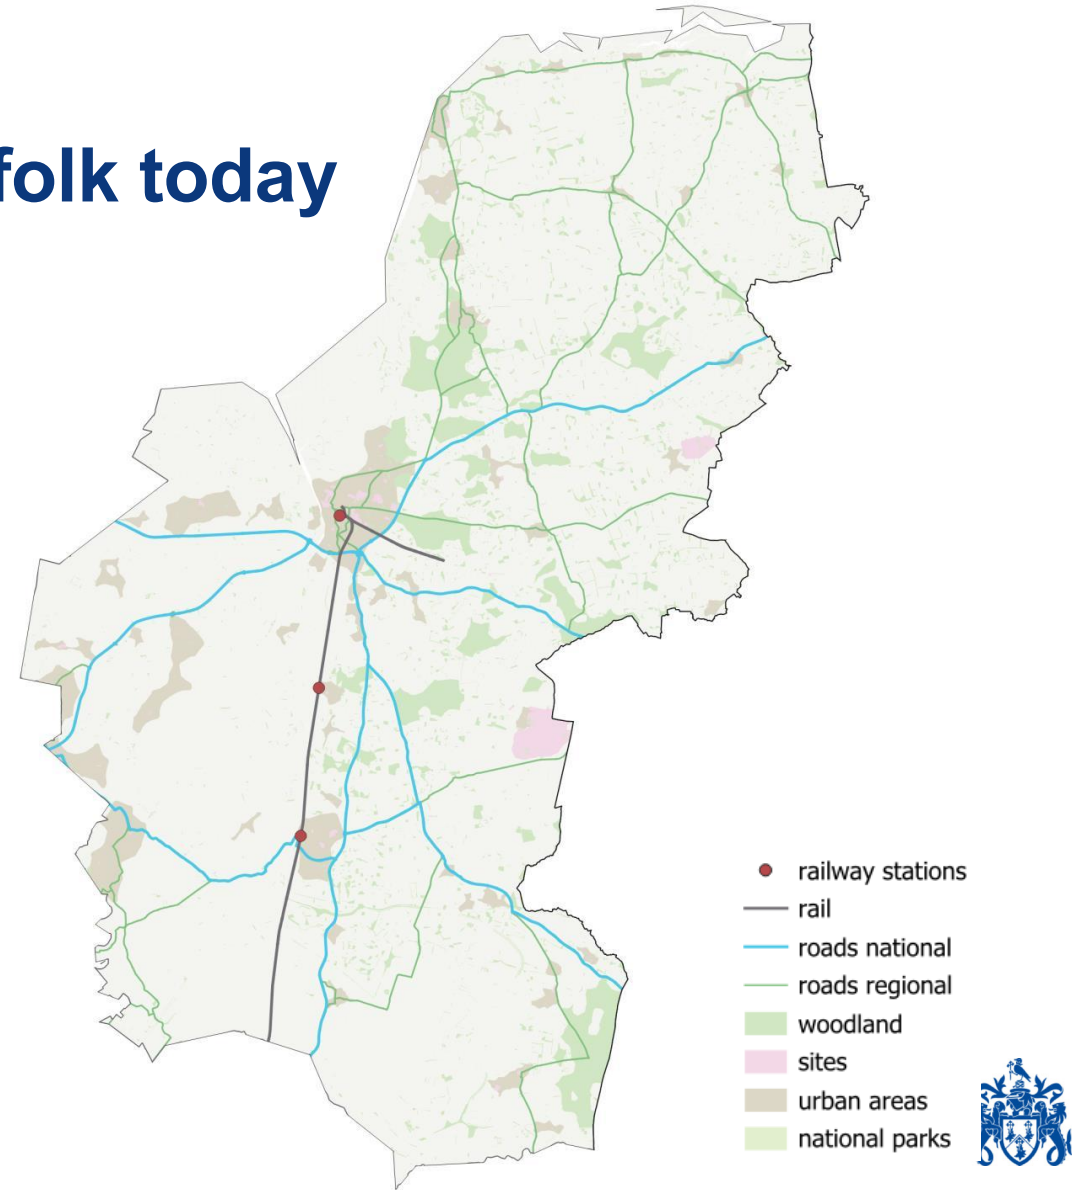

Timeline

Month:	Dec '23	Jan '24	Feb '24	March '24	Apr '24	May '24	June '24	July '24
Strategy development stages:	Where are we now? What is the direction of travel?			Where do we want to get to?			How do we get there?	
Project Inception	Initial inception meeting Project timeline	Site-visit & full inception						
Evidence Base	NODA analytical work							
		Desk research & stakeholder engagement						
Vision			Cabinet & Officer engagement + wider stakeholder engagement on ambitions & priorities					
Strategy					Drafting & iteration of the vision, strategic & investment priorities + further testing engagement			
Investment Approach				Collation of current projects & pipeline list	Prioritisation approach design	Iteration of investment priorities Projects prioritised alongside strategic priorities		

What the evidence tells us

King's Lynn and West Norfolk today

- 154,300 residents
- 6,650 businesses
- 63,000 jobs
- £3.2bn economy
- Strong manufacturing base
- Visitor economy with a diverse offer across culture, heritage, nature
- Direct rail link to Cambridge and London
- Contains some of UK's best agricultural land
- Nar Ouse Enterprise Zone, COWA, Queen Elizabeth Hospital, National Construction College East, RAF Marham, Associated British Ports

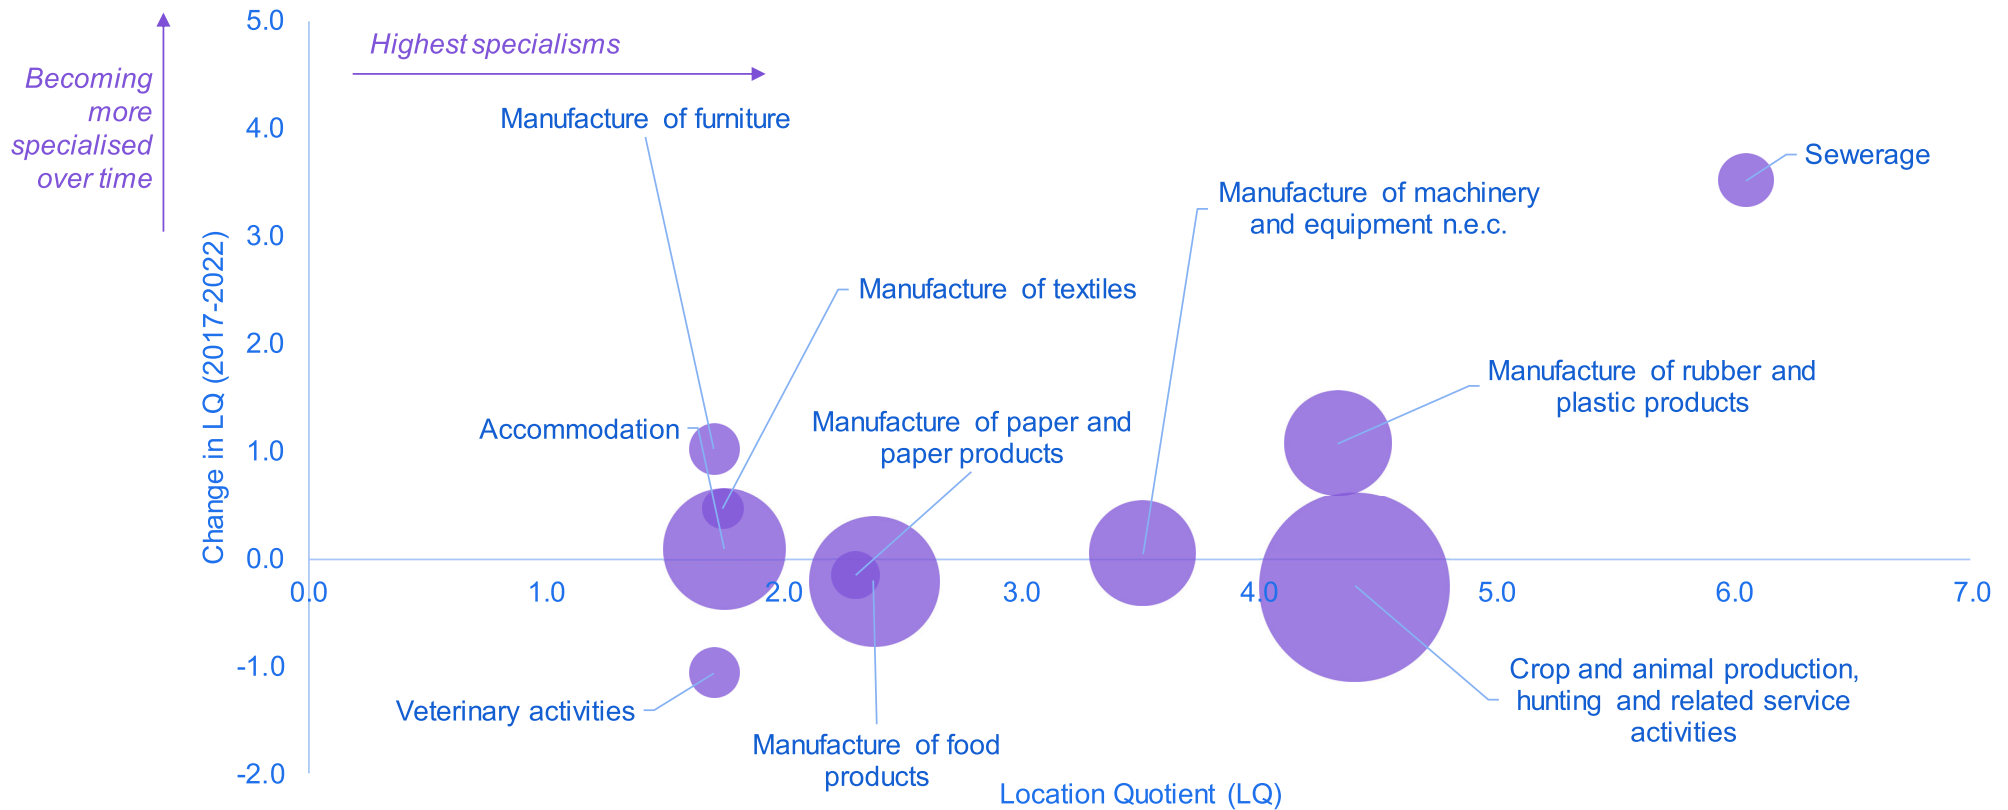

The economy has been growing more slowly than elsewhere

% Change in economic output by district, 2012-2021 (2012 = 100)

Specialisms in manufacturing, tourism, agricultural production

Top 10 most specialised sectors (min. 250 employees)

Size of bubble indicates amount of employment (2022)

A score of '1' on the x-axis means the district is as specialised in that sector as the UK average. Higher scores mean greater specialism.

Our businesses: King's Lynn and West Norfolk

						
	Growth in business base since 2013	Productivity	Business 3-year survival rates	High growth companies	Proportion of larger businesses	Sole proprietors
	2013 – 2023	GVA per hour	Based on 2019 births	% of total	50+ employees	% of all businesses
King's Lynn and West Norfolk	+15%	£32.5	63%	0.46%	1.68%	20%
Norfolk	+14%	£32.9	63%	0.42%	1.94%	19%
England	+23%	£37.7 (UK)	56%	0.39%	1.90%	14%

Living and working here: King's Lynn and West Norfolk

	 Wages	 % of residents with NVQ4+ quals	 % of residents with no quals	 % change in employment since 2015	 Economic inactivity rates	 % of residents aged 65+	 Housing affordability ratio	 Residents living in 20% most deprived areas in England
	Average gross weekly pay	Proportion of total aged 16 - 64	Proportion of total aged 16 - 64	2015 – 2022	% not seeking or in employment	Proportion of total	Median house price to income	IMD, 2019
King's Lynn and West Norfolk	£589	30%	6.7%	+8.6%	19%	26%	8.9	15%
Norfolk	£588	33%	7%	+4.2%	20%	24%	8.6	15%
England	£645	43%	6.5%	+7.8%	21%	18%	8.3	20%

Developing a locally driven strategy means understanding the diversity of our district

- King's Lynn and West Norfolk encompass a diverse area, incorporating towns like Downham Market and Hunstanton, as well as numerous villages, coastal and rural areas.
- Data serves as a cornerstone for our strategy, but it's essential to complement it with local insights, acknowledging the disparities within our district.
- Population demographics, deprivation levels, employment and skill levels vary significantly between urban and rural or coastal areas.
- Awareness of these distinctions is vital for devising targeted actions that address the unique challenges and opportunities present in each locality.

Strengths and Weaknesses

Strengths

- Institutions and assets – COWA, Queen Elizabeth Hospital, National Construction College East, RAF Marham, Associated British Ports
- Strong manufacturing base
- Visitor economy with a diverse offer across culture, heritage, nature
- More high growth companies, good survival rates
- Direct rail link to Cambridge and London
- Contains some of UK's best agricultural land

Weaknesses / challenges

- Wages are low and falling behind national averages
- Low skills attainment entrench poor outcomes. Fewer adults educated to degree level
- High and growing proportion of residents aged 65+, declining proportion of working aged residents
- Undersupply of housing
- Large number of brownfield sites, but inability to access funding
- Some areas over an hour by car from nearest employment centre

Opportunities and Priorities

Opportunities

- Supporting business growth in the Nar Ouse Enterprise Zone
- Maximising impact of King's Lynn Town Board & Town Deal Funding on high streets and heritage assets
- Greater promotion of West Norfolk's diverse tourism offer
- Investing in quality of life and promoting KLWN's distinct offer, attracting more working age residents to live here

Priorities

- Closing skills gaps in our sectors, particularly at degree-qualified levels
- Supporting more businesses to start, grow and mature in KLWN
- Supporting quality work in our high-employment sectors
- Avoiding the worst effects of the structural changes impacting rural economies
- Long-term investment in infrastructure and brownfield regeneration

Health infrastructure

Queen Elizabeth Hospital

Questions to consider

All feedback welcome, in particular...

- In your view, what are the main strengths and weaknesses of our economy?
- What is good about living and working here, and what can be difficult?
- What actions could be taken to make King's Lynn & West Norfolk a better place to live, work and do business?
- What can be done to ensure that growth and investment genuinely benefits local people and communities?
- What are the most important priorities for the economic strategy to address?

Next Steps

- We would like to continue to hear your thoughts. Look out for the slides and invitation feedback email we'll be sending out for your input.
- We will organize targeted group engagement sessions throughout March and April. These groups will cover various aspects of the strategy and aren't mutually exclusive; you may belong to multiple groups.
- Let us know if you're interested in participating in any of these sessions to contribute further; **please contact us via economic.development@west-norfolk.gov.uk**
